~~sound entry level to the fund prior to two (2) years from April 9, 1990~~]. The office shall, by administrative regulation, set the entry level for participation in the fund;

(i) Authorize expenditures from the fund to carry out the purpose of KRS 224.60-105 to 224.60-160, including reasonable costs of administering the fund, the procurement of legal services, and the procurement of analytical testing services when necessary to confirm the accuracy of analytical testing results obtained by a petroleum storage tank owner or operator*. The expenditures shall be paid from the appropriate account*;

(j) Establish a small operators' tank removal account within the fund to reimburse the reasonable cost of tank system removal for small owners and operators. The account shall not be used when an owner or operator is removing the tank with the intention of replacing or upgrading the tank. In promulgating administrative regulations to carry out this paragraph, the office may distinguish among owners and operators based on income, number of tanks, number of facilities, and types and classes of tanks;

(m) Have[~~, after April 1, 1999,~~] assurance fund auditors on site at all tank system removals. Failure to comply with this provision shall make the facility ineligible for fund participation. A petroleum storage tank owner or operator may request through certified mail that the office schedule an assurance fund auditor to be present at an upcoming tank removal. If the request is made at least two (2) weeks before the time for the removal and an auditor fails to be present at the time scheduled, the tank removal may proceed without making the facility ineligible for fund participation unless the owner is notified by the assurance fund no later than ten (10) days prior to the proposed date that an auditor is not available on the proposed date, in which event a representative of the assurance fund shall contact the operator and schedule a new date. If no auditor is present at the rescheduled date, the removal may then proceed without penalty*; and*

(n) Establish that the deadline for submission of final reimbursement requests under the petroleum storage tank account is two (2) years after receipt of a no further action letter or by July 15, 2010, whichever is earlier. Claims received after July 15, 2010, are not eligible for reimbursement.

(19) Any person who knowingly makes a false statement, representation, or certification in an application for reimbursement from the fund, or in any supporting documentation attached thereto, shall be responsible for and shall not be reimbursed for any amounts incurred based upon the false statement, representation, or certification. Any costs incurred and paid from the fund which are based on a false statement, representation, or certification in an application for reimbursement from the fund, or in any supporting documentation attached thereto, shall be recovered by the fund administrators from the person who asserted the false statement, representation, or certification.

SECTION 27. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

It is also the belief of the General Assembly that, in order to attain these high standards of efficiency, economy, and service and to ensure the ongoing improvement in the quality of life of all citizens of the Commonwealth, all county governments must be permitted by the action of their fiscal courts or at the request of their citizens to consider consolidation with adjoining counties for these purposes. The General Assembly, in support of those counties that take action to consolidate, further intends to provide financial and technical assistance for those counties through legislative action in order to ease the transitions brought by consolidation.

(c) Upon receipt of a certified petition or the final adoption of an ordinance stating the intent of a county to consolidate with another county or counties, the county judge/executive in the initiating county shall within ten (10) working days notify by certified mail, return receipt requested, the fiscal courts of the adjoining counties proposed for consolidation and shall notify the residents of those counties by legal public notice of the action taken in the initiating county. If no action is taken within one hundred twenty (120) days from the receipt of the certified letter to present a petition or to enact an ordinance in the adjoining counties which are proposed to be consolidated as provided in paragraphs (a) and (b) of this subsection, the actions in the initiating county shall be considered void.

(3) All ordinances relating to county consolidation shall be adopted in accordance with the provisions of KRS 67.076, 67.077, 67.855, 67A.070, and 67C.103. Upon enactment, the ordinances shall be published in accordance with the provisions of KRS Chapter 424.

held. The county clerk in each county proposed for consolidation shall prepare the following question to be placed before the voters: "Are you in favor of being consolidated with the county (or counties) of .... which will form a new county?" The advertisement of the election by the sheriff shall be in accordance with KRS 242.040. The advertisement shall include the date of the election and the question to be voted upon.

(c) If a simple majority of those persons voting in each county vote in favor of the consolidation, the counties shall become consolidated. If less than a simple majority of those persons voting in each county favor the consolidation, then the issue of consolidation will become void for all purposes in each county.

(5) All general costs associated with the conduct of special elections relating to a proposed consolidation of counties shall be paid by the state. The publication costs for legal public notice of the election and the costs for legal public notices in adjoining counties proposed for consolidation as required in subsection (2)(c) of this section shall be considered a general cost of the election, but no other advertising shall be paid for by state funds.

(6) Upon certification of an affirmative action to consolidate counties, no further action shall be made to alter the territory of the newly consolidated county for a period of ten (10) years.

SECTION 29. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

The members of the transition committee shall select a chairman from among themselves to preside over the meetings of the group.

(3) No member may serve on the council with the dual membership as the representative of more than one (1) of the aforementioned groups or the holder of more than one (1) of the aforementioned positions. In the event that an existing member of the council assumes a position entitling him to serve on the council in another capacity, the Governor shall appoint an additional member from the group concerned to prevent dual membership.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 21.580 is amended to read as follows:

(1) As a pilot project to determine the effectiveness of using senior retired judges to combat backlog and delay in Kentucky

courts, there is hereby created a "Senior Status Program for Special Judges." The program shall be implemented as follows:

(a) KRS 21.400(1) and any other provision in KRS Chapter 21 to the contrary notwithstanding, a member who retires at a time when combining his total years of judicial service credit and his age equals or exceeds the number seventy-five (75), may elect, within ninety (90) days following retirement, to participate in the "Senior Status Program for Special Judges," if he complies with the provisions of this subsection. In that event, the member shall be entitled to a service retirement allowance, commencing at the member's normal retirement age, payable monthly during his lifetime in an amount equal to five percent (5%) of his final compensation multiplied by the number of years of his judicial service, not to exceed twenty (20) years of judicial service at the five percent (5%) factor, not to exceed one hundred percent (100%) of final compensation. "Final compensation" is as defined in KRS 21.400. Any nonjudicial time shall be counted as is otherwise provided in KRS Chapter 21, but in no event shall service retirement allowance exceed one hundred percent (100%) of final compensation.

1. In the event the retiring judge elects to retire as a "Senior Status Special Judge" under this subsection, he shall commit to serve, upon appointment by the Chief Justice of the Commonwealth, as special judge for one hundred twenty (120) work days per year for a term of five (5) years without compensation other than the retirement benefits under this subsection. The Senior Status Special Judge may agree to work more than one hundred twenty (120) days in any year within the five (5) years of service; however, the Senior Status Special Judge shall be compensated as otherwise provided by law, in addition to his retirement benefits, for any days served in excess of one hundred twenty (120) in that year. If the Senior Status Special Judge has not served a total of six hundred (600) days within the five (5) year period outlined in this subsection, the Chief Justice shall require the Senior Status Special Judge to serve at no additional compensation to the Senior Status Special Judge, until the six hundred (600) day period is served by the Senior Status Special Judge. The Senior Status Special Judge and the Chief Justice may agree in writing to serve less than the one hundred twenty (120) days in any one (1) or more of the five (5) years; however, any of the days not served in a given year shall be served at the end of the five (5) year period set forth in this subsection.

2. Should any member electing to retire under the Senior Status Program for Special Judges fail, when ordered by the Chief Justice to serve the requisite number of days not to exceed one hundred twenty (120) days a year for the five (5) year period outlined in this subsection, unless otherwise agreed in writing, he shall no longer be eligible for benefits computed under this subsection and shall return to the benefits otherwise provided under this chapter.

3. Subject to Section 110(5)(b) of the Kentucky Constitution, the Chief Justice shall give due regard, when practical, to the desirability of appointing Senior Status Special Judges to serve within their judicial region as defined by the regional administration charter.

(b) The inviolable contract provisions of Kentucky law, KRS 21.480, shall apply during the period of time that KRS 21.580 is effective; however, no other provisions of 2000 Ky. Acts ch. 305 shall be considered subject to an inviolable contract of the Commonwealth.

(c) Nothing contained in this section shall be construed to invalidate provisions in the current law which require a penalty for retiring before the normal retirement age.

(2) The Senior Status Program for Special Judges created by this section shall be open to any member who is a judge in office on July 14, 2000, and who subsequently retires as a Senior Status Special Judge on or before ***January 31, 2009***[~~June 30, 2007~~].

1. In the event the retiring judge elects to retire as a "Senior Status Special Judge" under this subsection, he shall commit to serve, upon appointment by the Chief Justice of the Commonwealth, as special judge for one hundred twenty (120) work days per year for a term of five (5) years without compensation other than the retirement benefits under this subsection. The Senior Status Special Judge may agree to work more than one hundred twenty (120) days in any year within the five (5) years of service; however, the Senior Status Special Judge shall be compensated as otherwise provided by law, in addition to his retirement benefits, for any days served in excess of one hundred twenty (120) in that year. 3. Subject to Section 110(5)(b) of the Kentucky Constitution, the Chief Justice shall give due regard, when practical, to the desirability of appointing Senior Status Special Judges to serve within their judicial region as defined by the regional administration charter.

(b) The inviolable contract provisions of Kentucky law, KRS 21.480, shall apply during the period of time that KRS 21.580 is effective; however, no other provisions of 2000 Ky. Acts ch. 305 shall be considered subject to an inviolable contract of the Commonwealth.

(c) Nothing contained in this section shall be construed to invalidate provisions in the current law which require a penalty for retiring before the normal retirement age.

(2) The Senior Status Program for Special Judges created by this section shall be open to any member who is a judge in office on July 14, 2000, and who subsequently retires as a Senior Status Special Judge on or before ***January 31, 2009***[~~June 30, 2007~~].

Section 2. KRS 21.370 is amended to read as follows:

(1) Except as provided in subsection (2) of KRS 21.410 and in subsection (2) of KRS 21.420, no benefits shall be payable under KRS 21.350 to 21.480 to any member or to his surviving spouse, unless he has completed at least eight (8) years of service, including service before becoming a member. No surviving spouse of a retired member shall be entitled to any benefits unless the person was the spouse of the member at the time he retired.

(2) A member who has qualified for benefits under this section may transfer to the Judicial Retirement Plan up to ten (10) years of service credit which he has earned in a retirement system administered by Kentucky Retirement Systems, and he may transfer to the Judicial Retirement Plan up to ten (10) years of service credit which he has earned in the Kentucky Legislators' Retirement Plan. If the member elects to transfer his service credit, the system or plan from which the transfer is made shall transfer to the judicial retirement fund an amount equal to the employee's and employer's contributions attributable to that credit, together with interest on the contributions from the date made to the date of transfer at the actuarially assumed interest rate of the system or plan from which the transfer is made in effect at the time the contributions were made, compounded annually at that same interest rate. The member shall be entitled to the transferred service credit, at the rate at which he qualifies under KRS 21.400, when he pays the total difference between the amount of the funds transferred and the cost of the credit to the Judicial Retirement Plan, as determined by the actuary for the Judicial Retirement Plan. The member may pay by transfer, if authorized under subsection (5)(d) of this section, or by lump sum or increments as set forth in subsection (4)(b) of this section. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 21.360(6).

(3) Any active member of the Judicial Retirement Plan who is vested in the Judicial Retirement Plan under subsection (1) of this section or KRS 21.375, shall receive service credit for a maximum of four (4) years for his period of service as a city police judge for a city within the Commonwealth of Kentucky, if the service was performed prior to the first Monday in January, 1978, and if the service has not been credited to the member's account with any other public defined benefit plan, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The period of service to be purchased shall be certified to the board of trustees by the custodian of the records of the city for which the service was performed. The service credit shall be awarded and the cost shall be determined in conformity with the rate which applies to the member in question under KRS 21.400. Service credit awarded under this subsection shall be equivalent, for all purposes of the

Judicial Retirement Plan, to other service credit earned in the plan. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 21.360(6).

(4) (a) 1. Any active member of the Judicial Retirement Plan who is vested in the Judicial Retirement Plan under subsection (1) of this section or KRS 21.375, or his beneficiary acting in his place if the member dies prior to retirement, shall receive service credit for a maximum of four (4) years for his period of service in the Armed Forces of the United States, if his discharge therefrom is honorable and he has not been credited with the service by any other retirement system administered by the Commonwealth of Kentucky, by paying the retirement system thirty-five percent (35%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The service credit shall be awarded and the cost shall be determined in conformity with the rate which applies to the member in question under KRS 21.400. Service credit awarded under this subsection shall be equivalent, for all purposes of the Judicial Retirement Plan, to other service credit earned in the plan.

2. Any active member of the Judicial Retirement Plan who is vested in the Judicial Retirement Plan may purchase and receive service credit for one (1) month of service for each six (6) months of service in the reserves or the National Guard by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The service credit shall be awarded and the cost shall be determined in conformity with the rate that applies to the member in question as provided in KRS 21.400. Service credit awarded under this subsection shall be equivalent, for all purposes of the Judicial Retirement Plan, to other service credit earned in the plan. The service in the military reserves or the National Guard shall be treated as service earned prior to participation in the plan. The purchase can be made by the member in a transfer, if authorized under subsection (5)(d) of this section, or by a lump-sum payment or installment payments. The payment shall not be picked up by the employer as provided in KRS 21.360(6).

(b) The beneficiary may purchase military service credit only at one (1) time by lump-sum payment for the amount of service he wishes to purchase, and the payment shall be made within thirty (30) days of the death of the active member. The member may purchase all of his military service credit at one (1) time, or in increments of no less than one (1) year, unless there is a fraction remaining after all full years have been paid for. Payment of the total or the increment may be made by lump sum or by monthly installments through payroll deduction. If the member chooses to pay by installment, the cost of the service credit shall be computed in the same manner as for a lump-sum payment, which shall be the principal. Interest, at the annual actuarial rate in effect at the time each payment is made, shall be added to each monthly payment at the rate of one-twelfth (1/12) of the annual interest rate applied to the declining principal amount. Installment purchases shall be for no less than twelve (12) nor more than sixty (60) months. If the member leaves office before completing his installment payments, he may satisfy his contract by a lump-sum payment of the remaining principal amount, but no further installment payments shall be accepted thereafter. In this case, the member shall be credited with the military service credit for which he has paid, in years or months but no fraction less than a full month, and any payment remaining after credit for full months has been awarded shall be returned to the member.

(c) The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 21.360(6).

(d) No veteran shall be eligible to purchase military service credit under this section if he is receiving a military pension or is eligible for a military pension in the future, unless the military pension is for service primarily on inactive duty in a reserve component of the Armed Forces, or is a disability pension which does not exceed five hundred dollars ($500) monthly.

(5) ~~[Any provision of law to the contrary notwithstanding, paragraphs (a), (b), (c), and (d) of this subsection shall apply only to applicable officials who are in office on June 21, 2001, and who are in active contributing status to the applicable retirement plan on June 21, 2001.]~~

(a) Any active member of the Judicial Retirement Plan who is vested in the Judicial Retirement Plan under subsection (1) of this section or KRS 21.375, shall receive service credit for a maximum of four (4) years each for his period of service as a Domestic Relations Commissioner, a Master Commissioner, or a District Court Trial Commissioner of the Commonwealth of Kentucky, or a combination thereof, if the service has not been credited to the member's account with any other public defined benefit plan, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The period of service to be purchased shall be certified to the board of trustees by the custodian of the records. The service credit shall be awarded and the cost shall be determined in conformity with the rate that applies to the member in question under KRS 21.400. Service credit awarded under this subsection shall be equivalent, for all purposes of the Judicial Retirement Plan, to other service credit earned in the plan. The member may pay by transfer as set forth in paragraph (d) of this subsection, or by lump sum or increments as set forth in subsection (4)(b) of this section. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 21.360(6).

(b) Any active member of the Judicial Retirement Plan who is vested in the Judicial Retirement Plan under subsection

(1) of this section or KRS 21.375, shall receive service credit for his period of service to the United States Government, other than service in the Armed Forces, if the service has not been credited to the member's account with any other public defined benefit plan, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The period of service to be purchased shall be certified to the board of trustees by the custodian of the records. The service credit shall be awarded and the cost shall be determined in conformity with the rate that applies to the member in question under KRS 21.400. Service credit awarded under this subsection shall be equivalent, for all purposes of the Judicial Retirement Plan, to other service credit earned in the plan. The member may pay by transfer as set forth in paragraph (d) of this subsection, or by lump sum or increments as set forth in subsection (4)(b) of this section. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 21.360(6).

(c) Any member of the Judicial Retirement Plan, ***who is in office on June 21, 2001, and who is in active contributing status to the applicable retirement plan on June 21, 2001, and*** who has at least two hundred forty (240) months of service credit may purchase a combined maximum total of five (5) years retirement service credit that is not otherwise purchasable, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The service credit shall be awarded and the cost shall be determined in conformity with the rate that applies to the member in question under KRS 21.400. Service credit awarded under this subsection shall be equivalent, for all purposes of the Judicial Retirement Plan, to other service credit earned in the plan. The member may pay by transfer as set forth in paragraph (d) of this subsection, or by lump sum or increments as set forth in subsection (4)(b) of this section. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 21.360(6).

(d) A member of the Judicial Retirement Plan may purchase service credit under the provisions of this section by transferring funds under the rules in 26 U.S.C. sec. 401(a)(31) directly from a retirement plan or a deferred compensation arrangement maintained by his employer that is a qualified plan under 26 U.S.C. sec. 401(a). Service credit may also be purchased by a rollover of funds from a qualified retirement plan under the rules specified in 26 U.S.C. sec. 402(c). The Judicial Retirement Fund shall accept the transfer or rollover to the extent permitted under the rules specified in 26 U.S.C. secs. 402(c) and 401(a)(31). The amount shall be credited to the individual member's contribution account and shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 21.360(6).

SB 280, AN ACT relating to retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 78.530 is amended to read as follows:

(1) ***(a)*** Each county and school board, as defined in KRS 78.510, will participate in the system by appropriate order authorizing such participation which has been entered and duly recorded in the records of the governing body of the county or school board. In cases where general purpose county government does not participate, but the sheriff and his employees or the county clerk and his employees do, the sheriff or the clerk shall retain the order in his office. The authority to issue and properly record such order of participation being hereby granted, permits such county to participate in the system. The effective date of such participation shall be fixed in the order.

(b) Notwithstanding any provision to the contrary, every county fiscal court not participating in the system on July 1, 2002, shall enact a resolution of participation for all general purpose county government employees, including sheriffs and clerks, no later than July 1, 2003.

(2) Once a county or school board participates, it shall thereafter continue to participate, except as provided in KRS 78.535.

(3) (a) Concurrent with the adoption of the appropriate resolution to participate in the system, a county may elect the alternate participation plan which will require the county to purchase on behalf of each employee electing coverage, at the time the county elected to participate in the system as provided under KRS 78.540(2), current service credit for employment in regular full-time positions between July 1, 1958, and the participation date of the county. Cities which participate in the system pursuant to subsection (7) of this section, KRS 79.080, 90.400, 90.410, 95.520, 95.621, 95.761, 95.768, 95.852, or 96.180 shall be required to purchase on behalf of each employee electing coverage only as much service credit as the employee has accumulated in the city-administered plan, up to the participation date of the city. Accumulated service shall include service for which an employee received a refund pursuant to KRS 95.620 or 95.866, if such refund has been repaid. If the employee has not yet repaid the refund, he may make payment to the system by any method acceptable to the system, and the requirement of five (5) years of continuous reemployment prior to repayment of refunds shall not apply. Upon the employee's repayment, the city shall purchase the associated service credit for the employee. Cost of such service credit over and above that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of such actuarial service shall be paid by the county;

(b) The county shall establish a payment schedule subject to approval by the board for payment of the cost of such service over and above that which would be funded within the existing employer contribution rate. The maximum period allowed in a payment schedule shall be thirty (30) years, with interest at the rate actuarially assumed by the board. A shorter period is desirable and the board may approve any payment schedule provided it is not longer than a thirty (30) year period, except that cities which participate in the system pursuant to subsection (7) of this section, KRS 79.080, 90.400, 90.410, 95.520, 95.621, 95.761, 95.768, 95.852, or 96.180 may, at their option, extend the payment schedule to a maximum of thirty (30) years, may choose to make level payments at the interest rate actuarially assumed by the board over the life of the payment schedule chosen, and may retain employer contributions and the earnings thereon attributable to employees electing coverage;

(c) A city entering the system under the alternate participation plan, may, by ordinance, levy a special property tax to pay for current service credit purchased for the period between July 1, 1958, and the participation date of the city. The special tax shall be to pay, within a period of no more than fifteen (15) years, for the cost of such service credit over that which would be funded within the existing employer contribution rate, as determined by the board's consulting actuary. The reason for levying the special tax and the disposition of the proceeds shall be part of the ordinance levying the tax. The special tax shall be rescinded when the unfunded prior service liability has been amortized, and shall not be subject to the provisions of KRS 132.017 or 132.027. In addition, the city may maintain any tax, the proceeds of which had been devoted to funding pension obligations under the locally administered plan prior to participation in the system, for the purpose of funding current service costs incurred after the date of participation. The city may increase the tax to pay current service costs which exceed the local pension system costs to which the tax had been devoted, but the city shall not collect from the tax more revenues than are necessary to pay current service costs incurred after the date of participation. The city may continue the tax so long as it participates in the system, and the tax shall not be subject to the provisions of KRS 132.017 or 132.027. The city shall not collect either tax authorized by this paragraph if its participation has been terminated pursuant to KRS 78.535;

(d) The county may at a later date purchase current service credit from July 1, 1958, to the participation date of the county by alternate participation plan for those employees who rejected membership in the system at the time the county first participated. In addition, the employer shall pay the employer contributions on the creditable compensation of the employees who later elect membership from the participation date of the county to the date the member elects participation. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. Cost of the service credit over and above that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of the actuarial service shall be paid by the county. The county shall pay the cost of the service by lump sum or by adding it to the existing payment schedule established under paragraph (b) of this subsection;

(e) A county which did not participate by alternate participation may, until July 1, 1991, purchase current service credit for those employees who rejected membership in the system at the time the county first participated. The employer shall pay the employer contributions on the creditable compensation of the employees who later elect membership from the participation date of the county to the date the member elects participation. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. The county shall pay the cost of the service credit by lump sum or by establishing a payment schedule under paragraph (b) of this subsection; and

(f) A county which participated in the system but did not elect the alternate participation plan may at a later date elect the alternate participation plan. In this case, the county shall purchase on behalf of each employee participating in the system current service credit for employment in regular full-time positions between July 1, 1958, or a later date selected by the county government, and the participation date of the county. The county shall also purchase, for employees who decide to participate when the county elects the alternate participation plan, current service credit for employment in regular full-time positions between July 1, 1958, or the later date selected by the county government, and the participation date of the county. In addition, the county shall pay the employer contributions on the creditable compensation of the employees who later elect membership from the participation date of the county to the date the member elects participation. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. Cost of the service credit over that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of the actuarial service shall be paid by the county. The county shall pay the cost of the service by lump sum or by a payment schedule established under paragraph (b) of this subsection.

(4) Every school board not participating on June 21, 1974, shall enact a resolution of participation no later than July 1, 1976.

(5) The order of the governing body of a county, as provided for in subsection (1) of this section, may exclude from participation in the system hospitals and any other semiindependent agency. Each such excluded agency shall be identified in the order authorizing participation and such excluded agency may participate in the system as a separate agency.

(6) An agency whose participation in the County Employees Retirement System has been terminated by the board of trustees in accordance with KRS 78.535 may at a later date request participation in the retirement system by the adoption of an appropriate order as authorized by subsection (1) of this section. The board may accept the participation of such agency provided it is determined that such participation is in the best interest of the agency, the employees thereof and the County Employees Retirement System.

(7) After August 1, 1988, except as permitted by KRS 65.156, no local government retirement system shall be created pursuant to KRS 70.580 to 70.598 and any local government retirement systems created pursuant to KRS 79.080, 90.400, 90.410, 95.768, and KRS Chapter 96 shall be closed to new members. New employees who would have been granted membership in such retirement systems shall instead be granted membership in the County Employees Retirement System. Employees who would have been granted membership in retirement systems created pursuant to KRS 95.768, or any other policemen or firefighters who would have been granted membership in retirement systems created pursuant to KRS 79.080, 90.400, or 90.410, or any such policemen or firefighter members employed on or prior to August 1, 1988, who transfer to the County Employees Retirement System, shall be certified by their employers as working in hazardous positions. Each city participating in the County Employees Retirement System pursuant to this subsection shall execute the appropriate order authorizing such participation, shall select the alternate participation plan as described in subsection (3) of this section, and shall pay for the actuarial services necessary to determine the additional costs of alternate participation. Cities which closed their local pension systems to new members and participated in the system prior to July 15, 1988, whose employees at the time of transition were given the option to join the system shall not be required to offer said employees a second option to join the system.

(8) Any city which closed a police and firefighter pension plan to new members between January 1, 1988, and July 15, 1988, and participated in the system under the alternate participation plan shall, if its police and firefighters were not covered by Social Security, or any city which operates a pension under KRS 90.400 or 90.410, shall be required to certify that its police and firefighters are working in hazardous positions, and shall offer its police and firefighters in service at the time of entry a second option to participate under hazardous duty coverage if they were not offered hazardous duty coverage at the time of their first option. The provisions of subsection (3)(b) of this section notwithstanding, a city affected by this subsection may, at its option, extend its payment schedule to the County Employees Retirement System for alternate participation to thirty (30) years at the rate actuarially assumed by the board.

The Committee Substitute to **SB 280** is as follows:

SB 280, AN ACT relating to retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 78.530 is amended to read as follows:

(1) *(a)* Each county and school board, as defined in KRS 78.510, will participate in the system by appropriate order authorizing such participation which has been entered and duly recorded in the records of the governing body of the county or school board. In cases where general purpose county government does not participate, but the sheriff and his employees or the county clerk and his employees do, the sheriff or the clerk shall retain the order in his office. The authority to issue and properly record such order of participation being hereby granted, permits such county to participate in the system. The effective date of such participation shall be fixed in the order.

(b) Notwithstanding any provision to the contrary, every county fiscal court not participating in the system on July 1, 2002, shall enact a resolution of participation for all general purpose county government employees, including sheriffs and clerks, no later than July 1, 2003.

(2) Once a county or school board participates, it shall thereafter continue to participate, except as provided in KRS 78.535.

(3) (a) Concurrent with the adoption of the appropriate resolution to participate in the system, a county may elect the alternate participation plan which will require the county to purchase on behalf of each employee electing coverage, at the time the county elected to participate in the system as provided under KRS 78.540(2), current service credit for employment in regular full-time positions between July 1, 1958, and the participation date of the county. Cities which participate in the system pursuant to subsection (7) of this section, KRS 79.080, 90.400, 90.410, 95.520, 95.621, 95.761, 95.768, 95.852, or 96.180 shall be required to purchase on behalf of each employee electing coverage only as much service credit as the employee has accumulated in the city-administered plan, up to the participation date of the city. Accumulated service shall include service for which an employee received a refund pursuant to KRS 95.620 or 95.866, if such refund has been repaid. If the employee has not yet repaid the refund, he may make payment to the system by any method acceptable to the system, and the requirement of five (5) years of continuous reemployment prior to repayment of refunds shall not apply. Upon the employee's repayment, the city shall purchase the associated service credit for the employee. Cost of such service credit over and above that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of such actuarial service shall be paid by the county;

(b) The county shall establish a payment schedule subject to approval by the board for payment of the cost of such service over and above that which would be funded within the existing employer contribution rate. The maximum period allowed in a payment schedule shall be thirty (30) years, with interest at the rate actuarially assumed by the board. A shorter period is desirable and the board may approve any payment schedule provided it is not longer than a thirty (30) year period, except that cities which participate in the system pursuant to subsection (7) of this section, KRS 79.080, 90.400, 90.410, 95.520, 95.621, 95.761, 95.768, 95.852, or 96.180 may, at their option, extend the payment schedule to a maximum of thirty (30) years, may choose to make level payments at the interest rate actuarially assumed by the board over the life of the payment schedule chosen, and may retain employer contributions and the earnings thereon attributable to employees electing coverage;

(c) A city entering the system under the alternate participation plan, may, by ordinance, levy a special property tax to pay for current service credit purchased for the period between July 1, 1958, and the participation date of the city. The special tax shall be to pay, within a period of no more than fifteen (15) years, for the cost of such service credit over that which would be funded within the existing employer contribution rate, as determined by the board's consulting actuary. The reason for levying the special tax and the disposition of the proceeds shall be part of the ordinance levying the tax. The special tax shall be rescinded when the unfunded prior service liability has been amortized, and shall not be subject to the provisions of KRS 132.017 or 132.027. In addition, the city may maintain any tax, the proceeds of which had been devoted to funding pension obligations under the locally administered plan prior to participation in the system, for the purpose of funding current service costs incurred after the date of participation. The city may increase the tax to pay current service costs which exceed the local pension system costs to which the tax had been devoted, but the city shall not collect from the tax more revenues than are necessary to pay current service costs incurred after the date of participation. The city may continue the tax so long as it participates in the system, and the tax shall not be subject to the provisions of KRS 132.017 or 132.027. The city shall not collect either tax authorized by this paragraph if its participation has been terminated pursuant to KRS 78.535;

(d) The county may at a later date purchase current service credit from July 1, 1958, to the participation date of the county by alternate participation plan for those employees who rejected membership in the system at the time the county first participated. In addition, the employer shall pay the employer contributions on the creditable compensation of the employees who later elect membership from the participation date of the county to the date the member elects participation. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. Cost of the service credit over and above that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of the actuarial service shall be paid by the county. The county shall pay the cost of the service by lump sum or by adding it to the existing payment schedule established under paragraph (b) of this subsection;

(e) A county which did not participate by alternate participation may, until July 1, 1991, purchase current service credit for those employees who rejected membership in the system at the time the county first participated. The employer shall pay the employer contributions on the creditable compensation of the employees who later elect membership from the participation date of the county to the date the member elects participation. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. The county shall pay the cost of the service credit by lump sum or by establishing a payment schedule under paragraph (b) of this subsection; and

(f) A county which participated in the system but did not elect the alternate participation plan may at a later date elect the alternate participation plan. In this case, the county shall purchase on behalf of each employee participating in the system current service credit for employment in regular full-time positions between July 1, 1958, or a later date selected by the county government, and the participation date of the county. The county shall also purchase, for employees who decide to participate when the county elects the alternate participation plan, current service credit for employment in regular full-time positions between July 1, 1958, or the later date selected by the county government, and the participation date of the county. In addition, the county shall pay the employer contributions on the creditable compensation of the employees who later elect membership from the participation date of the county to the date the member elects participation. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. Cost of the service credit over that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of the actuarial service shall be paid by the county. The county shall pay the cost of the service by lump sum or by a payment schedule established under paragraph (b) of this subsection.

(4) Every school board not participating on June 21, 1974, shall enact a resolution of participation no later than July 1, 1976.

(5) The order of the governing body of a county, as provided for in subsection (1) of this section, may exclude from participation in the system hospitals and any other semiindependent agency. Each such excluded agency shall be identified in the order authorizing participation and such excluded agency may participate in the system as a separate agency.

(6) An agency whose participation in the County Employees Retirement System has been terminated by the board of trustees

in accordance with KRS 78.535 may at a later date request participation in the retirement system by the adoption of an appropriate order as authorized by subsection (1) of this section. The board may accept the participation of such agency provided it is determined that such participation is in the best interest of the agency, the employees thereof and the County Employees Retirement System.

(7) After August 1, 1988, except as permitted by KRS 65.156, no local government retirement system shall be created pursuant to KRS 70.580 to 70.598 and any local government retirement systems created pursuant to KRS 79.080, 90.400, 90.410, 95.768, and KRS Chapter 96 shall be closed to new members. New employees who would have been granted membership in such retirement systems shall instead be granted membership in the County Employees Retirement System. Employees who would have been granted membership in retirement systems created pursuant to KRS 95.768, or any other policemen or firefighters who would have been granted membership in retirement systems created pursuant to KRS 79.080, 90.400, or 90.410, or any such policemen or firefighter members employed on or prior to August 1, 1988, who transfer to the County Employees Retirement System, shall be certified by their employers as working in hazardous positions. Each city participating in the County Employees Retirement System pursuant to this subsection shall execute the appropriate order authorizing such participation, shall select the alternate participation plan as described in subsection (3) of this section, and shall pay for the actuarial services necessary to determine the additional costs of alternate participation. Cities which closed their local pension systems to new members and participated in the system prior to July 15, 1988, whose employees at the time of transition were given the option to join the system shall not be required to offer said employees a second option to join the system.

(8) Any city which closed a police and firefighter pension plan to new members between January 1, 1988, and July 15, 1988, and participated in the system under the alternate participation plan shall, if its police and firefighters were not covered by Social Security, or any city which operates a pension under KRS 90.400 or 90.410, shall be required to certify that its police and firefighters are working in hazardous positions, and shall offer its police and firefighters in service at the time of entry a second option to participate under hazardous duty coverage if they were not offered hazardous duty coverage at the time of their first option. The provisions of subsection (3)(b) of this section notwithstanding, a city affected by this subsection may, at its option, extend its payment schedule to the County Employees Retirement System for alternate participation to thirty (30) years at the rate actuarially assumed by the board.

(1) No utility shall begin the construction or installation of any property, equipment, or facility to establish an electrical interconnection with a merchant electric generating facility in excess of ten megawatts (10MW) until the plans and specifications for the electrical interconnection have been filed with and approved by the commission.

(2) Notwithstanding any other provision of law, any costs or expenses associated with upgrading the existing electricity transmission grid, as a result of the additional load caused by a merchant electric generating facility, shall be borne solely by the person constructing the merchant electric generating facility and shall in no way be borne by the retail electric customers of the Commonwealth.

SECTION 12. A NEW SECTION OF KRS 278.010 TO 278.450 IS CREATED TO READ AS FOLLOWS:

When a utility or generation and transmission cooperative engaged in the transmission of electricity experiences on its transmission facilities an emergency or other event that necessitates a curtailment or interruption of service, the utility or generation and transmission cooperative shall not curtail or interrupt retail electric service within its certified territory, or curtail or interrupt wholesale electric energy furnished to a member distribution cooperative for retail electric service within the cooperative's certified territory, except for customers who have agreed to receive interruptible service, until after service has been interrupted to all other customers whose interruption may relieve the emergency or other event.

(2) An application for a site compatibility certificate shall include the submission of a site assessment report as prescribed in subsections (3) and (4) of Section 5 of this Act, except that a utility which proposes to construct a facility on a site that already contains facilities capable of generating ten megawatts (10MW) or more of electricity shall not be required to comply with setback requirements established pursuant to subsection (3) of Section 3 of this Act. A utility may submit and the board may accept documentation of compliance with the National Environmental Policy Act (NEPA) rather than a site assessment report.

(3) The commission shall not deny an application filed pursuant to, and in compliance with this section. However, the commission may require reasonable mitigation of impacts disclosed in the site assessment report including planting trees, changing outside lighting, erecting noise barriers, and suppressing fugitive dust, but the commission shall, in no event, order relocation of the facility.

(4) The commission may also grant a deviation from any applicable setback requirements for good cause shown.

(5) Nothing contained in this section shall be construed to limit a utility's exemption provided under KRS 100.324.

(6) For the purposes of this section, "utility" has the same meaning as in KRS 278.010(3)(a) or (9).

"SECTION 54. A NEW SECTION OF KRS CHAPTER 230A IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly hereby finds and declares that, in authorizing the establishment of full gaming facilities, it is the purpose and intent of the General Assembly to provide economic development opportunities throughout the state. The General Assembly recognizes that the needs of the state are many and wishes to augment state moneys and care for the many needs of the state's people by allowing the establishment of up to three (3) full gaming facilities in counties with populations of seventy-five thousand (75,000) or more residents. A county shall be eligible for a full gaming facility only if there is located within the county a hotel that contains at least five hundred (500) rooms with sleeping accommodations. The full gaming facility shall not be located in a county, urban-county, or consolidated local government or any incorporated area within the county, urban-county, or consolidated local government where a racetrack is licensed to conduct electronic gaming pursuant to this chapter.

(2) Notwithstanding any other provision of the Kentucky Revised Statutes to the contrary, the Lottery Corporation may license up to three (3) full gaming facilities. Under the license issued, the holder of a full gaming facility may conduct electronic gaming and other games of chance at a hotel owned in whole or in part by the license holder. The license shall be issued in accordance with the provisions of this chapter and the administrative regulations promulgated thereunder to any hotel eligible under the provisions of subsection (1) of this section that meets the eligibility and other requirements for an electronic gaming operator's license under Sections 11 and 15 of this Act. The license shall not be transferred without the permission of the Lottery Corporation. A transfer is deemed to occur if there is a change in ten percent (10%) or more of the ownership interest in the hotel and gaming facility.

SECTION 55. A NEW SECTION OF KRS CHAPTER 230A IS CREATED TO READ AS FOLLOWS:

(1) A full gaming facility shall operate under the sole supervision of the Kentucky Lottery Corporation. The Kentucky Lottery Corporation shall promulgate administrative regulations to govern the operation of the full gaming facility. The Lottery Corporation shall have all the powers and duties in relation to a full gaming facility as the corporation has to electronic gaming device operators. To the extent possible, any electronic games shall comply with the provisions regulating electronic gaming devices in this chapter and administrative regulations promulgated thereunder. The conduct of the other games of chance shall be governed by administrative regulations promulgated by the Lottery Corporation pursuant to KRS Chapter 13A. At a minimum, the administrative regulations promulgated shall;

(a) Establish the hours and times that the other games of chance will be played;

(b) Provide a process by which gaming receipts from the other games of chance are remitted and properly accounted;

(c) Provide the Lottery Corporation access at all times to the premises of the full gaming facility for the purposes of making inspections, conducting investigations, and enforcing the provisions of this chapter and administrative regulations promulgated relating to other games of chance;

(d) Establish standards for the conduct of other games of chance;

(e) Issue and renew licenses and establish an application process and corresponding fees for the distributors, manufacturers, operators of full gaming facilities, and other personnel engaged in conducting other games of chance if the Lottery Corporation deems such licensing is in the best interest of the public and the operation and integrity of the full gaming facilities;

(f) Establish a process by which applications for licensing may be denied or by which disciplinary actions may be taken against a licensee. The process shall be the same as those used for the electronic device operator. However, the Lottery Corporation has the discretion to impose additional requirements or request additional information to assure that the other games of chance are operated fairly and in accordance with the provisions established in this chapter. The application process and the disciplinary proceedings shall be held in accordance with those procedures established in Sections 5 and 6 of this Act;

(g) Permit the Lottery Corporation to summarily seize and remove from such premises and impound any equipment, supplies, documents, or records relating to the operation of other games of chance;

(h) Demand access to and inspect, examine, photocopy, and audit all papers, books, and records of any applicant or licensee or his or her agent regarding the gross income produced by the conduct of other games of chance at a full gaming facility. To further the powers set out in this paragraph, the Lottery Corporation may require verification of income and all other matters related to the conduct of other games of chance at a full gaming facility; and

(i) Demand access to and inspect, examine, photocopy, and audit all papers, books, and records of any affiliate of a licensee conducting other games of chance who the Lottery Corporation knows or reasonably suspects is

involved in the financing, operation, or management of the gaming activities of the licensee. The inspection, examination, photocopying, and audit may take place on the affiliate's premises or elsewhere as practicable, and in the presence of the affiliate or its agent.

(2) No person under twenty-one (21) years of age shall play or place wagers on the other games of chance, personally or through his or her agent, or loiter or be employed in the area of the hotel or its adjacent property in which electronic gaming and games of chance are being played.

(3) Each full gaming facility shall be subject to all the rules, regulations, qualifications, and limitations set forth in this chapter and in administrative regulations promulgated thereunder, with the following exceptions:

- *(a) Electronic gaming devices and other games of chance shall be played only on the hotel's premises;*
- *(b) Provisions of this chapter pertaining to horse racing, licensure under KRS Chapter 230, or operations unique to the horse industry shall not apply to the veterans service organization;*

SECTION 56. A NEW SECTION OF KRS CHAPTER 230A IS CREATED TO READ AS FOLLOWS:

(1) The portion of the annual gaming income for each calendar year of each full gaming facility licensee specified in paragraph (a) of this subsection shall be paid to the Lottery Corporation as specified in paragraph (b) of this subsection, and shall be allocated and distributed by the Lottery Corporation as specified in paragraphs (c) to (g) of this sub-section.

- *(a) A percentage of the annual gaming income shall be paid to the Lottery Corporation, based on the following range:*

  - *5. Forty-one and forty-four one-hundredths percent (41.44%) of the annual gaming income exceeding two hundred million dollars ($200,000,000).*
- *(b) On or before the third business day of each week, each full gaming facility licensee shall pay to the Lottery Corporation a percentage of the gaming income collected by the full gaming facility licensee during the preceding week, such percentage to be determined as specified in paragraph (a) of this subsection by reference to the cumulative amount of gaming income collected by the full gaming facility licensee during the current calendar year, through the last day of that preceding week.*
- *(c) The funds described in paragraph (a) of this subsection shall be applied first to the administrative costs and expenses of the Lottery Corporation relating to electronic gaming device games and other games of chance, including but not limited to administrative expenses and payroll and other employment costs attributable to the regulation of electronic gaming device games and other games of chance by the Lottery Corporation. Twenty-four (24) months after the implementation of the operation of electronic gaming devices and other games of chance authorized under this chapter, the administrative costs and expenses of the Lottery Corporation shall not exceed four percent (4%) of the total gaming income for each fiscal year thereafter. Implementation shall be deemed to have commenced when one (1) full gaming facility licensee allows the play of electronic gaming device games or other games of chance on its premises.*
- *(d) After payment of the costs and expenses described in paragraph (c) of this subsection, an amount equal to twenty-five one-hundredths of one percent (0.25%) of the annual gaming income shall be dedicated for local economic development and shall be distributed by the Lottery Corporation as follows:*
  - *1. If the full gaming facility is located in an incorporated area, fifty percent (50%) shall be distributed to the governing body of the city in which the full gaming facility is located, and fifty percent (50%) to the governing body of the county in which the full gaming facility is located;*
  - *2. If the full gaming facility is located in an unincorporated area, fifty percent (50%) shall be distributed to*

the governing body of the largest city in the county in which the full gaming facility is located, and fifty percent (50%) to the governing body of the county in which the full gaming facility is located; and

3. Notwithstanding subparagraphs 1. and 2. of this paragraph, if the full gaming facility is located within a county that has adopted the urban-county form of government as provided in KRS Chapter 67A, one hundred percent (100%) shall be distributed to the governing body of the urban-county government, and if the full gaming facility is located within a county containing a consolidated local government as provided in KRS Chapter 67C, one hundred percent (100%) shall be distributed to the governing body of the consolidated local government.

(e) After payment of the costs and expenses described in paragraph (c) of this subsection, an amount equal to five one-hundredths of one percent (0.05%) of the annual gaming income shall be deposited by the Lottery Corporation in a trust and revolving fund, to be known as the problem gambling fund. This fund shall be administered by the Problem Gambling Fund Committee. The Problem Gambling Fund Committee shall be composed of not less than four (4) members, with one-half (1/2) of the members appointed by the Kentucky Council on Problem Gambling, or its successor, and one-half (1/2) of the members appointed by the Lottery Corporation. Funds deposited in the problem gambling fund shall be made available by the committee to fund the development and operation of problem gambling education, prevention, and treatment programs. The committee shall strive to allocate funds as they are generated so that, after an appropriate needs assessment, all available funds are allocated on a current basis.

e. Twenty-five percent (25%) for capital construction including but not limited to debt service to support community development projects, public infrastructure, elementary and secondary education construction projects through the School Facilities Construction Commission, and postsecondary education construction projects; and

3. Fourteen and twenty-eight one-hundredths percent (14.28%) of the annual gaming income exceeding *one hundred million dollars ($100,000,000) but not exceeding one hundred fifty million dollars ($150,000,000);*

4. Fourteen and seventy-eight one-hundredths percent (14.78%) of the annual gaming income exceeding one hundred fifty million dollars ($150,000,000) but not exceeding two hundred million dollars ($200,000,000); and

(b) From the funds described in paragraph (a) of this subsection, each full gaming facility licensee shall retain an amount equal to fifty percent (50%) of these funds. On or before the third business day of each week, this retained amount shall be paid and applied as set forth in paragraph (e) of this subsection.

(c) From the funds described in paragraph (a) of this subsection, on or before the third business day of each week, each full gaming facility licensee shall deposit an amount equal to twenty percent (20%) of these funds to a subaccount of the purse fund of all electronic gaming device operators to be used to supplement standardbred races designated for horses that were sired by standardbred stallions domiciled in Kentucky, and shall further deposit an amount equal to five percent (5%) of these funds to a subaccount of the purse fund of all electronic gaming device operators to be used to supplement standardbred races designated for horse racing at county fair programs in Kentucky.

(d) From the funds described in paragraph (a) of this subsection, on or before the third business day of each week, each full gaming facility licensee shall allocate and distribute, as specified in this paragraph, an amount equal to fifty percent (50%) of those funds. The electronic gaming device operator shall pay or retain to each eligible association, including the electronic gaming device operator, which conducted a live thoroughbred race meeting at any time during the immediately preceding calendar year an amount equal to that portion of the amount described in this paragraph that corresponds to the ratio of the total association purses paid by the eligible association in the immediately preceding calendar year, not including any portion of these purses paid from funds received under this paragraph and paragraph (b) of this subsection, compared to the total association purses paid in the immediately preceding calendar year by all eligible associations conducting thoroughbred race meetings in the immediately preceding calendar year, not including any portion of these purses paid from funds received under this paragraph and paragraph (b) of this subsection. Notwithstanding the foregoing, eligible associations which are parties to an agreement entered into pursuant to subsection (7) of Section 11 of this Act may agree to allocate among themselves amounts received by them under this paragraph.

(e) The funds retained or received by an electronic gaming device operator under paragraphs (b) and (d) of this subsection shall be allocated by the electronic gaming device operator as follows:

1. 2. A percentage of the funds, not less than ten percent (10%) but not to exceed twenty percent (20%), as authorized by the Racing Commission after the advice and assistance of the Kentucky Thoroughbred Development Fund Advisory Committee, shall be paid as Kentucky thoroughbred claiming fund purse supplements; and

3. The remaining amount of these funds shall be allocated to the purse money paid at race meetings conducted by all electronic gaming device operators.

(f) From the funds described in paragraph (a) of this subsection, and after subtraction of the amount applied pursuant to paragraph (c) of this subsection, on or before the third business day of each week, each full gaming facility licensee shall deposit the balance of these funds to the purse fund of all electronic gaming device operators to be used exclusively to supplement purse money paid at race meetings conducted by electronic gaming device operators. Unless otherwise provided in an agreement entered into pursuant to subsection (7) of Section 11 of this Act, if the funds to be so applied to purses exceed an average of one hundred fifty thousand dollars ($150,000) per day of live racing, then the electronic gaming device operator shall cooperate with the Kentucky Harness Horsemen's Association in making application to the Racing Commission for additional live racing dates for the following year; or the electronic gaming device operator may assign a portion of these funds, not to exceed thirty percent (30%), to another licensed standardbred track which was licensed by the Racing Commission to conduct standardbred racing prior to January 1, 2001, and is conducting electronic gaming device gaming, to support the purse fund of that track; or by agreement with the Kentucky Harness Horsemen's Association, the electronic gaming device operator may increase the funds to be so applied above one hundred fifty thousand dollars ($150,000) per day.

(g) The funds allocated and distributed under paragraphs (c) and (f) of this subsection shall be applied only to standardbred racing purses, regardless of the breed of racing conducted at a facility licensed to conduct standardbred racing.

(3) The portion of the gaming income of each full gaming facility licensee not paid to the Lottery Corporation as provided in subsection (1) of this section and not allocated and distributed by the full gaming facility licensee as provided in subsection (2) of this section shall be retained by the full gaming facility licensee, which shall allocate and distribute the funds as specified in paragraphs (b) to (d) of this subsection.

(a) The amounts of annual gaming income for each calendar year of each full gaming facility licensee to be allocated and distributed pursuant to this subsection are calculated as follows:

1. Sixty-two percent (62%) of the annual gaming income not exceeding fifty million dollars ($50,000,000);

2. Fifty-one and seventy-eight one-hundredths percent (51.78%) of the annual gaming income exceeding fifty million dollars ($50,000,000) but not exceeding one hundred million dollars ($100,000,000);

3. Forty-six and twenty-eight one-hundredths percent (46.28%) of the annual gaming income exceeding one hundred million dollars ($100,000,000) but not exceeding one hundred fifty million dollars ($150,000,000);

4. Forty-four and seventy-eight one-hundredths percent (44.78%) of the annual gaming income exceeding one hundred fifty million dollars ($150,000,000) but not exceeding two hundred million dollars ($200,000,000); and

5. Forty-three and twenty-eight one-hundredths percent (43.28%) of the annual gaming income exceeding two hundred million dollars ($200,000,000).

(b) An amount equal to twenty-five hundredths of one percent (0.25%) of annual gaming income shall be redeposited by the full gaming facility licensee to the Racing Commission for capital improvements to its backside racing facilities. On or before February 1 of each year, the full gaming facility licensee shall provide a written statement to the Racing Commission, certified by an officer of the full gaming facility licensee, providing an accounting of the funds expended under this paragraph. The Racing Commission may promulgate administrative regulations concerning the expenditure of those funds, including any carryover to future periods, and may take into account any failure to comply with this subsection in any licensing determination made by the Racing Commission. As used in this paragraph, "capital improvement" means any addition, replacement, or remodeling of a structural unit of the backside of a racetrack, as defined in KRS 230.218, including but not limited to the construction of barns used for the racetrack, backstretch facilities for horsemen, paddock facilities, the installation of permanent new heating or air conditioning, and installations of a permanent nature forming a part of the backside of the track.

(c) An amount equal to one-tenth of one percent (0.1%) of annual gaming income shall be paid by the full gaming facility licensee to the horsemen's groups representing the horsemen of the electronic gaming device operator's racetrack, as follows:

1. In the case of electronic gaming device operators which conduct thoroughbred racing, fifty percent (50%) to the Kentucky Division of the Horsemen's Benevolent and Protective Association, or its successor, and fifty percent (50%) to the Kentucky Thoroughbred Owners and Breeders Association, or its successor; and

2. In the case of electronic gaming device operators which conduct standardbred racing, to the Kentucky Harness Horsemen's Association.

(d) All funds described in this subsection that are not allocated or distributed as provided in paragraph (b) or (c) of this subsection shall be applied first to the operating expenses incurred by the full gaming facility licensee, including but not limited to costs of payroll, equipment purchase or lease, supplies, advertising and promotions, training of employees, uniforms, utilities, insurance, depreciation, and other reasonable expenses of operating electronic gaming devices and other games of chance, and second to any other lawful costs, expenditures, and expenses of the racetrack in Kentucky.

(4) On or before the third business day of each week, each full gaming facility licensee shall provide a written statement to the Lottery Corporation and to the Racing Commission, certified by an officer of the full gaming facility licensee, providing an accounting of the funds paid, allocated, and distributed under subsections (1)(b), (2)(b), (2)(c), (2)(d), (2)(e), and (2)(f) of this section.

(5) This chapter hereby establishes a trust and revolving fund for the Racing Commission, designated as the Kentucky thoroughbred claiming fund, consisting of money allocated to the fund under the provisions of this chapter. Money to the credit of the Kentucky thoroughbred claiming fund shall be distributed by the State Treasurer for the purposes of this chapter upon authorization of the Racing Commission and upon approval of the secretary of the Finance and Administration Cabinet. Money to the credit of the Kentucky thoroughbred claiming fund at the end of each fiscal year shall not lapse, but shall be carried forward in this fund to the succeeding fiscal year. The review shall include data required by Section 5 of this Act and shall also include data on student participation in classes and programs within the authority of that body.

Section 2. KRS 158.6455 is amended to read as follows:

(1) (a) After receiving the advice of the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the National Technical Advisory Panel on Assessment and Accountability, the Kentucky Board of Education shall promulgate administrative regulations in conformity with KRS 158.6471 and 158.6472 and KRS Chapter 13A to establish a system for identifying and rewarding successful schools. A reward shall be distributed to successful schools based on the number of full-time, part-time, and itinerant certified staff employed in the school on the last working day of the year of the reward to be used for school purposes as determined by the school council or, if none exists, the principal. The Kentucky Board of Education shall identify reports, paperwork requirements, and administrative regulations from which high performing schools shall be exempt.

(2) After receiving the advice of the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the National Technical Advisory Panel on Assessment and Accountability, the Kentucky Board of Education shall promulgate by administrative regulation in conformity with KRS 158.6471 and 158.6472 and KRS Chapter 13A the formula for a school accountability index to classify schools every two (2) years based on whether they have met their threshold level for school improvement, with school years 1998-2000 serving as the baseline. The formula shall reflect the school goals described in KRS 158.6451, except there shall be no measurement of the goals included in subsection (1)(b)3. and (1)(b)4.

(3) After receiving the advice of the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the National Technical Advisory Panel on Assessment and Accountability, the Kentucky Board of Education shall promulgate an administrative regulation in conformity with KRS 158.6471 and 158.6472 and KRS Chapter 13A to establish appropriate consequences for schools failing to meet their threshold. (b) For information purposes, the board shall also conduct scholastic audits in a sample of schools that achieved their goal and report to the public on the resulting findings regarding each aspect of the schools' operations required under subparagraph 2. of paragraph (a) of this subsection.

(5) (a) Notwithstanding subsections (2), (3), and (4) of this section and KRS 158.645 to 158.805, the Kentucky Board of Education, after receiving the advice of the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the National Technical Advisory Panel on Assessment and Accountability, shall promulgate an administrative regulation in conformity with the provisions of KRS 158.6471 and 158.6472 and in accordance with KRS Chapter 13A, establishing a formula for school accountability and a school improvement goal for each school for the 1998-1999 and 1999-2000 school years, with the 1996-97 and 1997-98 school years serving as the baseline. (b) 1. The Kentucky Board of Education shall reward schools that exceed their improvement goal and have an annual average dropout rate below eight percent (8%).

2. Schools failing to improve as identified by the board shall be reviewed by a scholastic audit team appointed by the state board under subsection (4) of this section. The audit shall not include a formal evaluation of each certified staff member. The team shall determine whether the school shall have highly skilled education assistance for advisory purposes. All schools failing to achieve their goal shall develop a school improvement plan and shall be eligible for school improvement funds under KRS 158.805.

(6) After receiving the advice of the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the National Technical Advisory Panel on Assessment and Accountability, the Kentucky Board of Education may promulgate by administrative regulation, in conformity with KRS 158.6471 and 158.6472 and KRS Chapter 13A, a system of district accountability that includes establishing a formula for accountability, goals for

Upon appeal, an administrative hearing shall be conducted in accordance with KRS Chapter 13B. The state board may adjust a performance judgment on appeal when evidence of highly unusual circumstances warrants the conclusion that the performance judgment is based on fraud or a mistake in computations, is arbitrary, is lacking any reasonable basis, or when there are significant new circumstances occurring during the biennial assessment period which are beyond the control of the school.

The council may make personnel decisions on vacancies occurring after the school council is formed but shall not have the authority to recommend transfers or dismissals;

(g) The school council shall determine which textbooks, instructional materials, and student support services shall be provided in the school. Subject to available resources, the local board shall allocate an appropriation to each school that is adequate to meet the school's needs related to instructional materials and school-based student support services, as determined by the school council. The school council shall consult with the school media librarian on the maintenance of the school library media center, including the purchase of instructional materials, information technology, and equipment;

(h) From a list of applicants ***who meet the qualifications established by the local board and whose names are*** submitted by the local superintendent, the principal at the participating school shall select personnel to fill vacancies, after consultation with the school council, consistent with subsection (2)(i)10. of this section. After completing the review of data, each school council shall adopt a plan to ensure that each student makes progress toward meeting the goals set forth in KRS 158.645 and 158.6451(1)(b). The Kentucky Department of Education shall provide each school council the data needed to complete the review required by this paragraph no later than December 31 of each year. (5) After July 13, 1990, any school in which two-thirds (2/3) of the faculty vote to implement school-based decision making shall do so. All schools shall implement school-based decision making by July 1, 1996, in accordance with this section and with the policy adopted by the local board pursuant to this section. Upon favorable vote of a majority of the faculty at the school and a majority of at least twenty-five (25) voting parents of students enrolled in the school, a school meeting its goal as determined by the Department of Education pursuant to KRS 158.6455 may apply to the Kentucky Board of Education for exemption from the requirement to implement school-based decision making, and the state board shall grant the exemption. The voting by the parents on the matter of exemption from implementing school-based decision making shall be in an election conducted by the parent and teacher organization of the school or, if none exists, the largest organization of parents formed for this purpose. Notwithstanding the provisions of this section, a local school district shall not be required to implement school-based decision making if the local school district contains only one (1) school.

The school shall submit the model through the local board of education to the commissioner of education and the Kentucky Board of Education, which shall have final authority for approval. The application for approval of the model shall show evidence that it has

been developed by representatives of the parents, students, certified personnel, and the administrators of the school and that two-thirds (2/3) of the faculty have agreed to the model.

(8) The Kentucky Board of Education, upon recommendation of the commissioner of education, shall adopt by administrative regulation a formula by which school district funds shall be allocated to each school council. Included in the school council formula shall be an allocation for professional development that is at least sixty-five percent (65%) of the district's per pupil state allocation for professional development for each student in average daily attendance in the school. School councils of small schools shall be encouraged to work with other school councils to maximize professional development opportunities.

(9) (a) No board member, superintendent of schools, district employee, or member of a school council shall intentionally engage in a pattern of practice which is detrimental to the successful implementation of or circumvents the intent of school-based decision making to allow the professional staff members of a school and parents to be involved in the decision making process in working toward meeting the educational goals established in KRS 158.645 and 158.6451 or to make decisions in areas of policy assigned to a school council pursuant to paragraph (i) of subsection (2) of this section.

(b) An affected party who believes a violation of this subsection has occurred may file a written complaint with the Office of Education Accountability. The office shall investigate the complaint and resolve the conflict, if possible, or forward the matter to the Kentucky Board of Education.

(c) The Kentucky Board of Education shall conduct a hearing in accordance with KRS Chapter 13B for complaints referred by the Office of Education Accountability.

(d) If the state board determines a violation has occurred, the party shall be subject to reprimand. A second violation of this subsection may be grounds for removing a superintendent, a member of a school council, or school board member from office or grounds for dismissal of an employee for misconduct in office or willful neglect of duty.

Section 4. KRS 160.350 is amended to read as follows:

(1) ***When there is a vacancy in the position of superintendent, the local board of education and the screening committee, as provided in KRS 160.352 shall receive training that meets the criteria established by the Department of Education in recruitment and interviewing techniques prior to carrying out the process of selecting a superintendent.***

(2) When there is a vacancy in the position of superintendent, the local board of education shall establish written criteria to be used by the screening committee, as provided in KRS 160.352 in recommending and the local board of education in selecting an applicant to be hired.

(3) When there is a vacancy in the position of superintendent, and before the notification required in Section 5 of this Act is made, the local board of education shall adopt a plan pursuant to administrative regulations of the Kentucky Board of Education for recruitment of applicants, including minority applicants, for that position. After completing the selection of the superintendent, the local board shall report on the activities conducted to recruit minority applicants.

(4) After considering the recommendations of a screening committee, as provided in KRS 160.352, each board of education shall appoint a superintendent of schools whose term of office shall begin on July 1, following his appointment. The appointment may be for a term of no more than four (4) years. In the event a vacancy occurs in the office of superintendent prior to the expiration of the term set by the board, the term shall expire on the date the vacancy occurs. Therefore, the board may appoint a superintendent for a new term as provided in this subsection, which shall begin on the date of the superintendent's appointment, except when the vacancy occurs after a school board election and before the newly elected members take office. When a vacancy occurs during this period, the position shall not be filled until the new members take office, but the board may appoint an acting superintendent to serve a term not to exceed six (6) months. This appointment may be renewed once for a period not to exceed three (3) months. If a vacancy occurs, a local board may also appoint an acting superintendent during the period the screening committee pursuant to KRS 160.352 conducts its business and prior to the actual appointment of the new superintendent. No superintendent shall resign his term and accept a new term from the same board of education prior to the expiration date of his present term. In the case of a vacancy in the office for an unexpired term, the board of education shall make the appointment so that the term will end on June 30. The board shall set the salary of the superintendent to be paid in regular installments.

(5)[~~(2)~~] Before any superintendent assumes his duties, he shall present to the board of education that appointed him a statement signed by the chief state school officer that the superintendent has been duly issued a certificate of administration and supervision issued in accordance with the provisions of law and which qualifies him to hold the position to which he has been appointed, and he shall hold such certificate throughout the period of his employment. A superintendent candidate who is to begin his duties after June 30, 1994, shall successfully complete the training program and assessment center process within one (1) year of assuming his duties as superintendent. A superintendent shall not serve as director or officer of a bank, trust company, or savings or loan association which has his school district funds on deposit. Following appointment, the superintendent shall establish residency in Kentucky.

(6)[~~(3)~~] A superintendent of schools may be removed for cause by a vote of four-fifths (4/5) of the membership of a board of education and upon approval by the chief state school officer. However, if the dismissal of the superintendent has been recommended by a highly skilled certified educator pursuant to KRS 158.6455 and the action is approved by the chief

state school officer, the board shall terminate the superintendent's contract. Written notice setting out the charges for removal shall be spread on the minutes of the board and given to the superintendent. The board shall seek approval by the chief state school officer for removing the superintendent. The chief state school officer shall investigate the accuracy of the charges made, evaluate the superintendent's overall performance during his appointment, and consider the educational performance of the students in the district. Within thirty (30) days of notification, he shall either approve or reject the board's request.

(7)[~~(4)~~] After the completion of a superintendent's first contract or after four (4) years, whichever comes last, the board of education may, no later than June 30, extend the contract of the superintendent for one (1) additional year beyond the current term of employment.

Section 5. KRS 160.380 is amended to read as follows:

(1) As used in this section:

(a) ***"District-level vacancy" means any position vacancy created by the resignation, dismissal, nonrenewal of contract, transfer, or death of a staff member in a local school district or a new position created in a local district except those for which hiring is governed by the school-based decision making process established under Section 3 of this Act.***

However, if an employer-employee bargained contract contains procedures for filling certified position openings created by the resignation, dismissal, nonrenewal of contract, transfer, or death of a certified staff member, or creation of a new position for which certification is required, a vacancy shall not exist, unless certified positions remain open after compliance with those procedures.

(2) (a) All appointments, promotions, and transfers of principals, supervisors, teachers, and other public school employees shall be made only by the superintendent of schools, who shall notify the board of the action taken. All employees of the local district shall have the qualifications prescribed by law and by the administrative regulations of the Kentucky Board of Education and of the employing board. Supervisors, principals, teachers, and other employees may be appointed by the superintendent for any school year at any time after February 1 preceding the beginning of the school year. If the waiver is approved, the appointment shall not be made until the person recommended for the position has been approved by the chief state school officer. The chief state school officer shall respond to a district's request for waiver or for approval of an appointment within two (2) working days.

(d) When a vacancy occurs ***in any certified or classified position*** in a local district, the superintendent shall conduct a search to locate minority ***candidates***[~~teachers~~] to be considered for the position. (f)[~~(e)~~] No relative of a superintendent of schools shall be an employee of the school district. However, this shall not apply to a relative who is a classified or certified employee of the school district for at least thirty-six (36) months prior to the superintendent assuming office, or prior to marrying a relative of the superintendent, and who is qualified for the position the employee holds. A superintendent's spouse who has at least twenty (20) years of service in school systems may be an employee of the school district. A superintendent's spouse who is employed under this provision shall not hold a position in which the spouse supervises certified or classified employees. A superintendent's spouse may supervise teacher aides and student teachers. However, the superintendent shall not promote a relative who continues employment under an exception of this subsection.

(g)[~~(f)~~] No superintendent shall employ a relative of a school board member of the district, unless on July 13, 1990, the board member's relative is an employee of the district, the board member is holding office, and the relative was not initially hired by the district during the tenure of the board member. A relative employed in 1989-90 and initially hired during the tenure of a board member serving on July 13, 1990, may continue to be employed during the remainder of the board member's term. However, the superintendent shall not promote any relative of a school board member who continues employment under the exception of this subsection.

(h)[~~(g)~~] 1. No principal's relative shall be employed in the principal's school, except a relative who is not the principal's spouse and who was employed in the principal's school during the 1989-90 school year.

2. No spouse of a principal shall be employed in the principal's school, except:

a. A principal's spouse who was employed in the principal's school during the 1989-90 school year for whom there is no position for which the spouse is certified to fill in another school operated in the district; or

b. A principal's spouse who was employed in the 1989-90 school year and is in a school district containing no more than one (1) elementary school, one (1) middle school, and one (1) high school.

3. A principal's spouse who is employed in the principal's school shall be evaluated by a school administrator other than the principal.

4. The provisions of KRS 161.760 shall not apply to any transfer made in order to comply with the provisions of this paragraph.

Nothing in this subsection shall be construed to prohibit a local school board or school official from instituting disciplinary proceedings against any student for violating the discipline policy of the school or school district or taking actions necessary to protect staff and students. Actions to protect staff and students may be taken only after the principal makes a determination that the conduct of the student reflected in the records of the school or obtained by the school from the court indicates a substantial likelihood of an immediate and continuing threat that the student will cause harm to students or staff, and that the restrictions to be ordered represent the least restrictive alternative available and appropriate to remedy the threat, and that the determination and supporting material be documented in the child's record. The action of the principal, in addition to or in lieu of any other procedure available, may be appealed by the child or the child's parent or guardian to the superintendent of the school system or to the Circuit Court in the county in which the school is located, and the appealing party may be represented by counsel.

(2) No school, school administrator, teacher, or other school employee who has custody of records received or maintained by the school pursuant to KRS 610.345 or who has received information contained in or relating to a record received by the school pursuant to KRS 610.345 shall disclose the fact of the record's existence, or any information contained in the record or received from the record to any other person, including but not limited to other teachers, school employees, pupils, or parents other than the pupil, or parents of the pupil who is the subject of the record.

(5) (a) Notwithstanding subsections (2), (3), and (4) of this section and KRS 158.645 to 158.805, the Kentucky Board of Education, after receiving the advice of the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the National Technical Advisory Panel on Assessment and Accountability, shall promulgate an administrative regulation in conformity with the provisions of KRS 158.6471 and 158.6472 and in accordance with KRS Chapter 13A, establishing a formula for school accountability and a school improvement goal for each school for the 1998-1999 and 1999-2000 school years, with the 1996-97 and 1997-98 school years serving as the baseline. (3) (a) The Kentucky Board of Education is hereby authorized to lease from the State Property and Buildings Commission, or others, whether public or private, any lands, buildings, structures, installations, and facilities suitable for use in establishing and furthering television and related facilities as an aid or supplement to classroom instruction, throughout the Commonwealth, and for incidental use in any other proper public functions. The lease may be for any initial term commencing with the date of the lease and ending with the next ensuing June 30, which is the close of the then-current fiscal biennium of the Commonwealth, with exclusive options in favor of the board to renew the same for successive ensuing bienniums, July 1 in each even year to June 30 in the next ensuing even year; and the rentals may be fixed at the sums in each biennium, if renewed, sufficient to enable the State Property and Buildings Commission to pay therefrom the maturing principal of and interest on, and provide reserves for, any revenue bonds which the State Property and Buildings Commission may determine to be necessary and sufficient, in agreement with the board, to provide the cost of acquiring the television and related facilities, with appurtenances, and costs as may be incident to the issuance of the bonds.

The General Assembly authorizes the Department to develop and implement a facility replacement and renovation program to improve the quality of Workforce Development Cabinet facilities used by the Department and its clients, and to reduce departmental reliance on lease/rental properties. The Department is directed to coordinate this program with the Secretary of the Finance and Administration Cabinet. Proceeds acquired from the sale, transfer, or other disposition of existing facilities may be expended toward the purchase, construction, renovation, and equipping and furnishing of replacement facilities. Expenditures authorized by this provision are limited to the use of funds solely derived from the sale of Cabinet-owned facilities, which equity rights are shared between both the state and the federal government. Any project estimated to cost over $400,000 shall be reported to the Capital Projects and Bond Oversight Committee by the Secretary of the Finance and Administration Cabinet.

R. COAL SEVERANCE TAX PROJECTS

Notwithstanding KRS 42.4588(2) and (4), the following projects are authorized and appropriated from Local Government Economic Development Fund moneys from the respective single county fund pursuant to KRS 42.4592 for public purposes in the following coal-producing counties in the manner and amounts enumerated. These projects are determined by the General Assembly to be important to the furtherance of the public policy objectives and economic development purposes for which the Local Government Economic Development Program was established. The amounts appropriated are estimates. Actual expenditures and encumbrances shall be limited to the actual receipts realized and available in the respective single county fund. These amounts are comprised of estimated receipts for fiscal year 2002-2003 and fiscal year 2003-2004 in combination with prior unobligated balances in the respective single county funds. To the extent that a county that is authorized to proceed with a project enumerated below receives more single county Local Government Economic Development Fund moneys than are appropriated in this Act, the county may direct those funds to offset a cost overrun on any of the projects enumerated below upon approval of the Commissioner of the Coal County Development Office.

To facilitate the transfer of five (5) buildings from the Cabinet for Families and Children to the Finance and Administration Cabinet, it is the intent of the General Assembly that any remaining balance in any currently authorized Cabinet for Families and Children non-bond funded project be credited to the Finance and Administration Cabinet Maintenance Pool. Purchases of major items of equipment require reauthorization if a purchase order has not been executed by June 30, 2002.

2. Bond projects authorized for the first time in this section which have debt service supported by state General Fund appropriations are authorized in the first year of the biennium. The full amount of annualized debt service has been included at the

Unneeded debt service resulting due to any other circumstance shall lapse in accordance with KRS 48.720, KRS 48.010, and other provisions of this Act except for the following: if the fund balance in the Emergency Repair, Maintenance and Replacement Fund falls below $5,000,000 in fiscal year 2001-2002 or in fiscal year 2002-2003, any debt service lapse necessary to bring the fund balance to $5,000,000 in either of these fiscal years shall be credited to the Emergency Repair, Maintenance and Replacement Fund. If the Emergency Repair, Maintenance and Replacement Fund remains at $5,000,000 or above, the first $2,000,000 in fiscal year 2001-2002 or fiscal year 2002-2003 in debt service lapse shall be deposited to the General Fund Surplus Account for the purpose of paying unbudgeted Necessary Government Expenses. No transfer to the Emergency Repair, Maintenance and Replacement Fund or the General Fund Surplus Account shall be made based on the above provisions if the lapse from other General Fund accounts is insufficient to meet appropriations approved in other parts of this Act.

Section 1. KRS 508.130 is amended to read as follows:

As used in KRS 508.130 to 508.150, unless the context requires otherwise:

(1) (a) To "stalk" means to engage in an intentional course of conduct:
1. Directed at a specific person or persons;
2. Which seriously alarms, annoys, intimidates, or harasses the person or persons; and
3. Which serves no legitimate purpose.

(b) The course of conduct shall be that which would cause a reasonable person to suffer substantial mental distress.

(2) "Course of conduct" means a pattern of conduct composed of two (2) or more acts, evidencing a continuity of purpose. Constitutionally protected activity is not included within the meaning of "course of conduct." If the defendant claims that he was engaged in constitutionally protected activity, the court shall determine the validity of that claim as a matter of law and, if found valid, shall exclude that activity from evidence.

(3) "Protective order" means:
(a) An emergency protective order or domestic violence order issued under KRS 403.715 to 403.785;
(b) A foreign protective order, as defined in KRS 403.7521(1);
(c) An order issued under KRS 431.064;[~~ and~~]
(d) *A restraining order issued in accordance with Section 2 of this Act; and*
(e) Any condition of a bond, conditional release, probation, parole, or pretrial diversion order designed to protect the victim from the offender.

SECTION 2. A NEW SECTION OF KRS CHAPTER 508 IS CREATED TO READ AS FOLLOWS:

(1) A verdict of guilty or a plea of guilty to KRS 508.140 or 508.150 shall operate as an application for a restraining order limiting the contact of the defendant and the victim who was stalked, unless the victim requests otherwise.

(2) The court shall give the defendant notice of his or her right to request a hearing on the application for a restraining order. If the defendant waives his or her right to a hearing on this matter, then the court may issue the restraining order without a hearing.

(3) If the defendant requests a hearing, it shall be held at the time of the verdict or plea of guilty, unless the victim or defendant requests otherwise. The hearing shall be held in the court where the verdict or plea of guilty was entered.

(4) A restraining order may grant the following specific relief:
(a) An order restraining the defendant from entering the residence, property, school, or place of employment of the victim; or
(b) An order restraining the defendant from making contact with the victim, including an order forbidding the defendant from personally, or through an agent, initiating any communication likely to cause serious alarm, annoyance, intimidation, or harassment including, but not limited to, personal, written, telephonic, or any other form of written or electronic communication or contact with the victim. An order issued pursuant to this subsection relating to a school, place of business, or similar nonresidential location shall be sufficiently limited to protect the stalking victim but shall also protect the defendant's right to employment, education, or the right to do legitimate business with the employer of a stalking victim as long as the defendant does not have contact with the stalking victim. The provisions of this subsection shall not apply to a contact by an attorney regarding a legal matter.

(5) A restraining order issued pursuant to this section shall be valid for a period of not more than ten (10) years, the specific duration of which shall be determined by the court. Any restraining order shall be based upon the seriousness of the facts before the court, the probability of future violations, and the safety of the victim, his or her immediate family, or both.

(6) Unless the defendant has been convicted of a felony, or is otherwise ineligible to purchase or possess a firearm under federal law, a restraining order issued pursuant to this section shall not operate as a ban on the purchase or possession of firearms or ammunition by the defendant.

(7) The restraining order shall be issued on a form prescribed by the Administrative Office of the Courts and may be lifted upon application of the stalking victim to the court which granted the order.

(8) Within twenty-four (24) hours of entry of a restraining order or entry of an order rescinding a restraining order, the circuit clerk shall forward a copy of the order to the Law Information Network of Kentucky (LINK).

(a) Reimbursement to the state or local government for the person's incarceration, determined by the per person, per diem, expenses of each prisoner incarcerated by the respective local government, times the number of days he has spent or shall spend in confinement, plus any medical services received by the prisoner, less copayments paid by the prisoner. The convicted person's ability to pay all or part of the reimbursement shall be considered by the sentencing court in imposing the sanction; and

(b) Restitution to the crime victim as set out in KRS 439.563, 532.032, and 532.033.

(2) In addition to any other penalty allowed by law, a court may declare the defendant ineligible to operate a motor vehicle for a period of up to sixty (60) days where the defendant is being sentenced for a conviction of KRS 514.030 involving the theft of gasoline or special fuels from a retail establishment and the defendant has been previously convicted of KRS 514.030 for a theft of gasoline or special fuels from a retail establishment. A retail establishment may post a sign at the location where the fuel is dispensed apprising the public of the sanctions available under this subsection.

(3) Sanctions imposed by the sentencing court shall become a judgment of the court. ***Reimbursement of incarceration costs shall be paid by the defendant directly to the jailer in the amount specified by written order of the court. Incarceration costs owed to the Department of Corrections shall be paid through the circuit clerk.***

Section 35. KRS 533.010 is amended to read as follows:

(1) Any person who has been convicted of a crime and who has not been sentenced to death may be sentenced to probation, probation with an alternative sentencing plan, or conditional discharge as provided in this chapter.

(2) Before imposition of a sentence of imprisonment, the court shall consider probation, probation with an alternative sentencing plan, or conditional discharge. Unless the defendant is a violent felon as defined in KRS 439.3401 or a statute prohibits probation, shock probation, or conditional discharge, after due consideration of the nature and circumstances of the crime and the history, character, and condition of the defendant, probation or conditional discharge shall be granted, unless the court is of the opinion that imprisonment is necessary for protection of the public because:

  (a) There is substantial risk that during a period of probation or conditional discharge the defendant will commit another crime;

  (b) The defendant is in need of correctional treatment that can be provided most effectively by his commitment to a correctional institution; or

  (c) A disposition under this chapter will unduly depreciate the seriousness of the defendant's crime.

(3) In the event the court determines that probation is not appropriate after due consideration of the nature and circumstances of the crime, and the history, character, and condition of the defendant, probation with an alternative sentencing plan shall be granted unless the court is of the opinion that imprisonment is necessary for the protection of the public because:

  (a) There is a likelihood that during a period of probation with an alternative sentencing plan or conditional discharge the defendant will commit a Class D or Class C felony or a substantial risk that the defendant will commit a Class B or Class A felony;

  (b) The defendant is in need of correctional treatment that can be provided most effectively by commitment to a correctional institution; or

  (c) A disposition under this chapter will unduly depreciate the seriousness of the defendant's crime.

(4) The court shall not determine that there is a likelihood that the defendant will commit a Class C or Class D felony based upon the fact that:

  (a) The defendant has never been convicted of, pled guilty to, or entered an Alford plea to a felony offense;

  (b) If convicted of, having pled guilty to, or entered an Alford plea to a felony offense, the defendant successfully completed probation more than ten (10) years immediately prior to the date of the commission of the felony for which the defendant is now being sentenced and has had no intervening convictions, pleas of guilty, or Alford pleas to any criminal offense during that period; or

  (c) The defendant has been released from incarceration for the commission of a felony offense more than ten (10) years immediately prior to the date of the commission of the felony for which the defendant is now being sentenced and has had no intervening convictions, pleas of guilty, or Alford pleas to any criminal offense during that period.

(5) In making a determination under subsection (4) of this section, the court may determine that the greater weight of the evidence indicates that there is a likelihood that the defendant will commit a Class C or Class D felony.

(6) Upon initial sentencing of a defendant or upon modification or revocation of probation, when the court deems it in the best interest of the public and the defendant, the court may order probation with the defendant to serve one (1) of the following alternative sentences:

  (a) To a halfway house for no more than twelve (12) months;

  (b) To home incarceration with or without work release for no more than twelve (12) months;

  (c) To jail for a period not to exceed twelve (12) months with or without work release, community service and other programs as required by the court;

  (d) To a residential treatment program for the abuse of alcohol or controlled substances; or

  (e) To any other specified counseling program, rehabilitation or treatment program, or facility.

(7) If during the term of the alternative sentence the defendant fails to adhere to and complete the conditions of the alternative sentence, the court may modify the terms of the alternative sentence or may modify or revoke probation and alternative sentence and commit the defendant to an institution.

(8) In addition to those conditions that the court may impose, the conditions of alternative sentence shall include the following and, if the court determines that the defendant cannot comply with them, then they shall not be made available:

  (a) A defendant sentenced to a halfway house shall:

    1. Be working or pursuing his or her education or be enrolled in a full-time treatment program;

    2. Pay restitution during the term of probation; and

    3. Have no contact with the victim of the defendant's crime;

  (b) A defendant sentenced to home incarceration shall:

    1. Be employed by another person or self-employed at the time of sentencing to home incarceration and continue the employment throughout the period of home incarceration, unless the court determines that there is a compelling reason to allow home incarceration while the defendant is unemployed;

    2. Pay restitution during the term of home incarceration;

3. Enter a treatment program, if appropriate;
4. Pay all or some portion of the cost of home incarceration as determined by the court;
5. Comply with other conditions as specified; and
6. Have no contact with the victim of the defendant's crime;

(c) A defendant sentenced to jail with community service shall:
1. Pay restitution during all or some part of the defendant's term of probation; and
2. Have no contact with the victim of the defendant's crime; or

(d) A defendant sentenced to a residential treatment program for drug and alcohol abuse shall:
1. Undergo mandatory drug screening during term of probation;
2. Be subject to active, supervised probation for a term of five (5) years;
3. Undergo aftercare as required by the treatment program;
4. Pay restitution during the term of probation; and
5. Have no contact with the victim of the defendant's crime.

(9) When the court deems it in the best interest of the defendant and the public, the court may order the person to work at community service related projects under the terms and conditions specified in KRS 533.070. Work at community service related projects shall be considered as a form of conditional discharge.

(10) Probation with alternative sentence shall not be available as set out in KRS 532.045 and 533.060, except as provided in KRS 533.030***(5)***[~~(6)~~].

(11) The court may utilize a community corrections program authorized or funded under KRS Chapter 196 to provide services to any person released under this section.

(12) When the court deems it in the best interest of the defendant and the public, the court may order the defendant to placement for probation monitoring by a private agency. The private agency shall report to the court on the defendant's compliance with his terms of probation or conditional discharge. The defendant shall be responsible for any reasonable charges which the private agency charges.

(13) The jailer in each county incarcerating Class D felons may deny work release privileges to any defendant for violating standards of discipline or other jail regulations. The jailer shall report the action taken and the details of the violation on which the action was based to the court of jurisdiction within five (5) days of the violation.

(14) The Department of Corrections shall, by administrative regulation, develop written criteria for work release privileges granted under this section.

(15) ***Reimbursement of incarceration costs shall be paid directly to the jailer in the amount specified by written order of the court. Incarceration costs owed to the Department of Corrections shall be paid through the circuit clerk.***

(16) The court shall enter into the record written findings of fact and conclusions of law when considering implementation of any sentence under this section.

Section 36. KRS 533.020 is amended to read as follows:

(1) When a person who has been convicted of an offense or who has entered a plea of guilty to an offense is not sentenced to imprisonment, the court shall place him on probation if he is in need of the supervision, guidance, assistance, or direction that the probation service can provide. Conditions of probation shall be imposed as provided in KRS 533.030, but the court may modify or enlarge the conditions or, if the defendant commits an additional offense or violates a condition, revoke the sentence at any time prior to the expiration or termination of the period of probation. ***When setting conditions under this subsection, the court shall not order any defendant to pay incarceration costs or any other cost permitted to be ordered under Section 35 of this Act, or other statute, except restitution and any costs owed to the Department of Corrections, through the circuit clerk.***

(2) When a person who has been convicted of an offense or who has entered a plea of guilty to an offense is not sentenced to imprisonment, the court may sentence him to probation with an alternative sentence if it is of the opinion that the defendant should conduct himself according to conditions determined by the court and that probationary supervision alone is insufficient. The court may modify or enlarge the conditions or, if the defendant commits an additional offense or violates a condition, revoke the sentence at any time prior to the expiration or termination of the alternative sentence.

(3) When a person who has been convicted of an offense or who has entered a plea of guilty to an offense is not sentenced to imprisonment, the court may sentence him to conditional discharge if it is of the opinion that the defendant should conduct himself according to conditions determined by the court but that probationary supervision is inappropriate. Conditions of conditional discharge shall be imposed as provided in KRS 533.030, but the court may modify or enlarge the conditions or, if the defendant commits an additional offense or violates a condition, revoke the sentence at any time prior to the expiration or termination of the period of conditional discharge.

(4) The period of probation, probation with an alternative sentence, or conditional discharge shall be fixed by the court and at any time may be extended or shortened by duly entered court order. Such period, with extensions thereof, shall not exceed

five (5) years, or the time necessary to complete restitution, whichever is longer, upon conviction of a felony nor two (2) years, or the time necessary to complete restitution, whichever is longer, upon conviction of a misdemeanor. Upon completion of the probationary period, probation with an alternative sentence, or the period of conditional discharge, the defendant shall be deemed finally discharged, provided no warrant issued by the court is pending against him, and probation, probation with an alternative sentence, or conditional discharge has not been revoked.

(5) Notwithstanding the fact that a sentence to probation, probation with an alternative sentence, or conditional discharge can subsequently be modified or revoked, a judgment which includes such a sentence shall constitute a final judgment for purposes of appeal.

Section 37. KRS 533.030 is amended to read as follows:

(1) The conditions of probation and conditional discharge shall be such as the court, in its discretion, deems reasonably necessary to insure that the defendant will lead a law-abiding life or to assist him to do so. The court shall provide as an explicit condition of every sentence to probation or conditional discharge that the defendant not commit another offense during the period for which the sentence remains subject to revocation.

(2) When imposing a sentence of probation or conditional discharge, the court may, in addition to any other reasonable condition, require that the defendant:

(a) Avoid injurious or vicious habits;

(b) Avoid persons or places of disreputable or harmful character;

(c) Work faithfully at suitable employment as far as possible;

(d) Undergo available medical or psychiatric treatment and remain in a specific institution as required for that purpose;

(e) Post a bond, without surety, conditioned on performance of any of the prescribed conditions;

(f) Support his dependents and meet other family responsibilities;

(g) Pay the cost of the proceeding as set by the court;

(h) Remain within a specified area;

(i) Report to the probation officer as directed;

(j) Permit the probation officer to visit him at his home or elsewhere;

(k) Answer all reasonable inquiries by the probation officer and promptly notify the probation officer of any change in address or employment; and

(l) [~~If the defendant's record indicates a controlled substance or alcohol problem,~~]Submit to periodic testing for ***the*** use of controlled substances or alcohol***, if the defendant's record indicates a controlled substance or alcohol problem,*** and ***to*** pay a reasonable fee, ***as determined by the court, which fee shall*** not[~~ to~~] exceed the actual cost of the test and analysis ***and shall***[~~, as determined by the court, said fee to~~] be ***paid directly***[~~collected by the circuit clerk, held in an agency account, and disbursed, on court order, solely~~] to the agency or agencies responsible for testing and analysis as compensation for the cost of the testing and analysis***, as specified by written order of the court,*** performed under this subsection. For good cause shown, the testing fee may be waived by the court.

(3) When imposing a sentence of probation or conditional discharge in a case where a victim of a crime has suffered monetary damage as a result of the crime due to his property having been converted, stolen, or unlawfully obtained, or its value substantially decreased as a result of the crime, or where the victim suffered actual medical expenses, direct out-of-pocket losses, or loss of earning as a direct result of the crime, or if as a direct result of the crime the victim incurred medical expenses that were paid by the Cabinet for Health Services, the Crime Victims Compensation Board, or any other governmental entity, the court shall order the defendant to make restitution in addition to any other penalty provided for the commission of the offense. Payment of restitution to the victim shall have priority over payment of restitution to any government agency. Restitution shall be ordered in the full amount of the damages, unless the damages exceed one hundred thousand dollars ($100,000) or twice the amount of the gain from the commission of the offense, whichever is greater, in which case the higher of these two (2) amounts shall be awarded. The court may, in lieu of ordering monetary restitution, order the defendant to make restitution by working for or on behalf of the victim. The court shall determine the number of hours of work necessary by applying the then-prevailing federal minimum wage to the total amount of monetary damage caused by or incidental to the commission of the crime. The court may, with the consent of the agency, order the defendant to work as specified in KRS 533.070. Any work ordered pursuant to this section shall not be deemed employment for any purpose, nor shall the person performing the work be deemed an employee for any purpose. Where there is more than one (1) defendant or more than one (1) victim, restitution may be apportioned. Restitution shall be subject to the following additional terms and conditions:

(a) Where property which is unlawfully in the possession of the defendant is in substantially undamaged condition from its condition at the time of the taking, return of the property shall be ordered in lieu of monetary restitution;

(b) The circuit clerk shall assess an additional fee of five percent (5%) to defray the administrative costs of collection of payments or property. This fee shall be paid by the defendant and shall inure to a trust and agency account which shall not lapse and which shall be used to hire additional deputy clerks and office personnel or increase deputy clerk or office personnel salaries, or combination thereof;

(c) When a defendant fails to make restitution ordered to be paid through the circuit clerk ***or a court-authorized program run by the county attorney or the Commonwealth's attorney***, the circuit clerk ***or court-authorized program*** shall notify the court; and

(d) An order of restitution shall not preclude the owner of property or the victim who suffered personal physical or mental injury or out-of-pocket loss of earnings or support or other damages from proceeding in a civil action to recover damages from the defendant. A civil verdict shall be reduced by the amount paid under the criminal restitution order.

(4) ***When requiring fees for controlled substances or alcohol tests, or other fees and payments authorized by this section or other statute, except restitution, to be paid by the defendant, the court shall not order the payments to be paid through the circuit clerk***[~~In addition to any other terms and conditions imposed under this section, the court may require the probationer, as a condition of his probation, to make one (1) payment to a crime stoppers organization in an amount not to exceed the amount of the reward paid by a crime stoppers organization, as defined by KRS 431.570, relative to the probationer.~~

~~(5) In addition to any other terms and conditions imposed under this section, the court may require the probationer, as a condition of probation or conditional discharge of a sentence of detention or imprisonment for a drug or alcohol related offense, to make one (1) payment either to Drug Abuse Resistance Education (D.A.R.E.) or to any treatment or prevention program for drug or alcohol abuse that a local government administers, refers individuals to, or contracts to administer, in an amount not to exceed the amount of any fine which also could have been imposed for the offense~~].

(5)[~~(6)~~] When a defendant is sentenced to probation or conditional discharge, he shall be given a written statement explicitly setting forth the conditions under which he is being released.

(6)[~~(7)~~] When imposing a sentence of probation or conditional discharge, the court, in addition to conditions imposed under this section, may require as a condition of the sentence that the defendant submit to a period of imprisonment in the county jail or to a period of home incarceration at whatever time or intervals, consecutive or nonconsecutive, the court shall determine. The time actually spent in confinement or home incarceration pursuant to this provision shall not exceed twelve (12) months or the maximum term of imprisonment assessed pursuant to KRS Chapter 532, whichever is the shorter. Time spent in confinement or home incarceration under this subsection shall be credited against the maximum term of imprisonment assessed for the defendant pursuant to KRS Chapter 532, if probation or conditional discharge is revoked and the defendant is sentenced to imprisonment. Any prohibitions against probation, shock probation, or conditional discharge under KRS 533.060(2) or 532.045 shall not apply to persons convicted of a misdemeanor or Class D felony and sentenced to a period of confinement or home incarceration under this section.

Section 38. KRS 534.020 is amended to read as follows:

(1) When a defendant is sentenced to pay a fine, the court may provide for payment to be made within a specified period of time or in specified installments. If no such provision is made a part of the sentence, ***then*** the fine shall be payable forthwith.

(2) When a defendant is sentenced to pay a fine, an alternative sentence of imprisonment that is to be served in the event the fine is not paid shall not be imposed at the same time. The response of a court to nonpayment of a fine shall be determined only after the fine has not been paid, and[~~ only~~] as provided in ***Section 4 of this Act or*** KRS 534.060.

Section 39. KRS 534.045 is amended to read as follows:

(1) Pursuant to a conviction of a misdemeanor, including traffic offenses, where a person is sentenced to incarceration in the county jail, the District Court may assess a reimbursement fee to help defray the expenses of the prisoner's room and board. The reimbursement fee shall not exceed twenty-five percent (25%) of the prisoner's gross daily wages or forty dollars ($40) per day, whichever is less. All moneys shall be ***paid directly to the jailer***[~~collected by the District Court and paid to the county, urban-county, or charter county treasury for use on the jail as provided in KRS 441.206~~].

(2) In determining whether a reimbursement fee as described in subsection (1) of this section is to be assessed, and in establishing the amount of the fee, the court shall consider evidence relevant to the prisoner's ability to pay the fee but shall not consider as evidence the following:

(a) Joint ownership, if any, that the prisoner may have in real property;

(b) Joint ownership, if any, that the prisoner may have in any assets, earnings, or other sources of income; and

(c) The income, assets, earnings, or other property, both real and personal, that might be owned by the prisoner's spouse or family.

(3) After considering all relevant evidence to the issue of the prisoner's ability to pay, the court shall enter as part of its judgment the amount of the reimbursement fee, if any, that shall be paid by the prisoner during his period of incarceration in the county jail. The fee shall bear a reasonable relationship to the person's income. Upon petition by the prisoner affected by the order, the amount may be modified to reflect any changes in the financial status of the prisoner. In any appeal that might be taken from the conviction, the amount of the reimbursement fee may be challenged.

(4) If the person sentenced to jail is released in accordance with the provisions of KRS 439.179 and is subject to the provisions of KRS 439.179(4), the payment of the reimbursement fee shall be suspended so long as the person is gainfully

employed.

(5) When imposing any payment authorized by this section, the court shall order the defendant to make the payment to the named officer, person, or organization. The court shall not order any payment authorized by this section to be made through the circuit clerk.

Section 40. KRS 635.085 is amended to read as follows:

(1) In lieu of commitment to the Department of Juvenile Justice, if a child is adjudicated a public offender, the court may in its discretion impose a fine. The imposition of a fine for an offense committed by a child shall be based upon a determination that such disposition is in the best interest of the child and to aid in his rehabilitation. Any such order shall include a finding that the child is financially able to pay the fine. Fines shall be levied consistent with the schedule set forth below:

  (a) For a felony, not to exceed five hundred dollars ($500);

  (b) For a misdemeanor, not to exceed two hundred fifty dollars ($250); and

  (c) For a violation, not to exceed one hundred dollars ($100).

(2) When a child is directed by the court to pay a fine, the court may provide for payment to be made within a specified period of time or in specified installments. If such provision is not made a part of the court's disposition, the fine shall be payable immediately. Nothing contained herein shall be construed as limiting the court's inherent contempt powers.

(3) Any public offender detained for failure to comply with the court order shall not be scheduled for a time that would interfere with the educational, occupational, or religious obligations of the child, and shall be in a secure juvenile detention facility or juvenile holding facility. Any portion of a day a child is detained pursuant to the court's exercising its contempt powers shall be deemed as one (1) day for purposes of serving a detention term.

[~~(4) Fines imposed and collected pursuant to this section shall be paid by the circuit clerk to the fund specified in KRS 431.100.~~]

Section 41. The following KRS sections are repealed:

26A.150 Collection and forwarding of crime victim compensation fee.

431.102 Service fee on certain misdemeanor convictions.

Section 42. This Act takes effect August 1, 2002, and all court costs, fees, fines, and other monetary penalties assessed before this date but not collected or paid by this date shall be thereafter dispensed of in accordance with this Act.

Often working under strenuous deadlines, foul weather conditions and dangerous traffic situations, Kentucky truck drivers consistently go above and beyond the call of duty and make extreme personal sacrifices to ensure that stores and enterprises are supplied with the necessary stock to conduct business in an efficient and profitable manner. Inasmuch as Kentucky truck drivers serve as the backbone of industry within this state and play an instrumental role in the livelihood of its citizens and economy, they are afforded the highest regard and extended the sincerest gratitude of this honorable body for the contributions they make to both their professions and this Commonwealth and are hereby extended the highest praise as the House adjourns this Legislative day in their honor. A planning commission may provide the location of existing cellular antenna towers on which the commission deems the ***applicant***[~~applying utility~~] can successfully co-locate its transmitting and related equipment. If the local planning commission requires the ***applicant***[~~utility~~] to attempt co-location, the ***applicant***[~~utility~~] shall provide the local planning unit with a statement indicating that the ***applicant***[~~utility~~] has:

(a) Successfully attempted to co-locate on towers designed to host multiple wireless service providers' facilities or existing structures such as a telecommunications tower or another suitable structure capable of supporting the ***applicant's***[~~utility's~~] facilities, and that identifies the location of the tower ***or suitable structure on*** which the ***applicant***[~~applying utility~~] will co-locate its transmission and related facilities[~~ on~~]; or

(b) Unsuccessfully attempted to co-locate on towers designed to host multiple wireless service provider's facilities or existing structures such as a telecommunications tower or another suitable structure capable of supporting the ***applicant's***[~~utility's~~] facilities and that:

2. Lists the reasons why the co-location was unsuccessful in each instance.

(7) The local planning commission may deny a uniform application to construct a cellular antenna tower based on ***an applicant's***[~~a utility's~~] unwillingness to attempt to co-locate additional transmitting or related equipment on any new or existing towers ***or other structures***.

(8) In the event of co-location, a utility shall be considered the primary user of the tower, if the utility is the owner of the antenna tower and if no other agreement exists that prescribes an alternate arrangement between the parties for use of the tower. Any other entity that co-locates transmission or related facilities on a cellular antenna tower shall do so in a manner that does not impose additional costs or operating restrictions on the primary user.

(9) Upon the approval of an application for the construction of a cellular antenna tower by a planning commission, the utility making the application shall notify the Public Service Commission within ten (10) working days of the approval. The notice to the Public Service Commission shall include a map showing the location of the construction site. If a utility fails to file notice of an approved uniform application with the Public Service Commission, the utility shall be prohibited from beginning construction on the cellular antenna tower until such notice has been made.

Floor Amendment No. 1 to the Committee Substitute to **SB 271**, by Representative Geveden:

SB 271, On page 9, after line 24, by adding the following:

"Section 3. KRS 6.515 is amended to read as follows:

(1) Service credit in the Legislators' Retirement Plan shall be acquired only by service as a legislator after July 1, 1980, while a member of the plan, by transfer of credit as provided in KRS 6.505, or by purchase or transfer of credit as provided in this section.

(2) (a) 1. Any active member of the Legislators' Retirement Plan who has at least five (5) years of service credit in the Legislators' Retirement Plan, or his beneficiary acting in his place if the member dies prior to retirement, shall receive service credit for a maximum of four (4) years for his period of service in the Armed Forces of the United States, if his discharge therefrom is honorable and he has not been credited with the service by any other retirement system administered by the Commonwealth of Kentucky, by paying the retirement system thirty-five percent (35%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The service credit shall be awarded and the cost shall be determined in conformity with the rate which applies to the legislator in question under

KRS 6.520. Service credit awarded under this subsection shall be equivalent, for all purposes of the Legislators' Retirement Plan, to other service credit earned in the plan.

2. Any active member of the Legislators' Retirement Plan who has at least five (5) years of service credit in the Legislators' Retirement Plan may purchase and receive service credit for one (1) month of service for each six (6) months of service in the reserves or the National Guard by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on the assumptions used in the most recent biennial evaluation. The service credit shall be awarded and the cost shall be determined in conformity with the rate that applies to the legislator in question under KRS 6.520. Service credit awarded as provided in this subsection shall be equivalent, for all purposes of the Legislators' Retirement Plan, to other service credit earned in the plan. The service in the military reserves or the National Guard shall be treated as service earned prior to participation in the plan. The purchase can be made by the member by transfer, if authorized under subsection (7)(d) of this section, or in a lump-sum payment or by installment payments, as set forth in paragraph (b) of this subsection. The payment shall not be picked up by the employer as provided in KRS 6.505(2).

(b) The beneficiary may purchase military service credit only at one (1) time by lump-sum payment for the amount of service he wishes to purchase, and the payment shall be made within thirty (30) days of the death of the active member. The member may purchase all of his military service credit at one (1) time, or in increments of no less than one (1) year, unless there is a fraction remaining after all full years have been paid for. Payment of the total or the increment may be made by lump-sum or by monthly installments through payroll deduction. If the member chooses to pay by installment, the cost of the service credit shall be computed in the same manner as for a lump-sum payment, which shall be the principal. Interest, at the annual actuarial rate in effect at the time each payment is made, shall be added to each monthly payment at the rate of one-twelfth (1/12) of the annual interest rate applied to the declining principal amount. Installment purchases shall be for no less than twelve (12) nor more than sixty (60) months. If the member leaves office before completing his installment payments, he may satisfy his contract by a lump-sum payment of the remaining principal amount, but no further installment payments shall be accepted thereafter. In this case, the member shall be credited with the military service credit for which he has paid, in years or months but no fraction less than a full month, and any payment remaining after credit for full months has been awarded shall be returned to the member.

(c) The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 6.505(2).

(d) No veteran shall be eligible to purchase military service credit under this section if he is receiving a military pension or is eligible for a military pension in the future, unless the military pension is for service primarily on inactive duty in a reserve component of the Armed Forces, or is a disability pension which does not exceed five hundred dollars ($500) monthly.

(3) If spouses both serve in the General Assembly, but not simultaneously, they may combine their service credit in the Legislators' Retirement Plan for all purposes of that plan into a single account, and may jointly designate to whom the service retirement allowance shall be paid. The designation shall not be changed once it is made. Assuming equal service credit, the benefits paid, under this section, to a legislator and his or her spouse who also served as a legislator shall not exceed the benefits that the same legislator and his or her spouse would receive if the spouse had not served as a legislator.

(4) In the event of divorce, rights to benefits shall be considered marital property subject to the provisions of KRS 403.190.

(5) A former legislator whose spouse currently serves in the General Assembly and who received a refund of contributions under KRS 21.460 may repurchase service credit which he or she previously had by repaying the amount refunded with interest at six percent (6%) per annum, and the service credit shall become part of the single account authorized by subsection (3) of this section.

(6) A member who has qualified for benefits under KRS 6.525(1) may transfer to the Legislators' Retirement Plan up to ten (10) years of service credit which he has earned in a retirement system administered by Kentucky Retirement Systems. If the member elects to transfer his service credit, the system from which the transfer is made shall transfer to the legislators' retirement fund an amount equal to the employee's and employer's contributions attributable to that credit, together with interest on the contributions from the date made to date of transfer at the actuarially assumed interest rate of the system from which the transfer is made in effect at the time the contributions were made, compounded annually at that same interest rate. The member shall be entitled to the transferred service credit, at the rate at which he qualifies under KRS 6.520, when he pays the total difference between the amount of the funds transferred and the cost of the credit to the Legislators' Retirement Plan, as determined by the actuary for the Legislators' Retirement Plan. The member may pay by transfer, if authorized under subsection (7)(d) of this section, by lump sum, or by increments, as provided for in this section. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 6.505(2).

(7) ~~[Any provision of law to the contrary notwithstanding, paragraphs (a), (b), (c), and (d) of this subsection shall apply only to applicable officials who are in office on June 21, 2001, and who are in active contributing status to the applicable retirement plan on June 21, 2001.]~~

(a) Any active member of the Legislators Retirement Plan who is vested in the Legislators Retirement Plan under KRS 6.525, shall receive service credit for a maximum of four (4) years each for his period of service as a Domestic Relations Commissioner, a Master Commissioner, or a District Court Trial Commissioner of the Commonwealth of Kentucky, or a combination thereof, if the service has not been credited to the member's account with any other public defined benefit plan, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The period of service to be purchased shall be certified to the board of trustees by the custodian of the records. The service credit shall be awarded and the cost shall be determined in conformity with the rate that applies to the member in question under KRS 6.520. Service credit awarded under this subsection shall be equivalent, for all purposes of the Legislators Retirement Plan, to other service credit earned in the plan. The member may pay by transfer, by lump sum, or by increments as set forth in this section. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 6.505(2).

(b) Any active member of the Legislators Retirement Plan who is vested in the Legislators Retirement Plan under KRS 6.525, shall receive service credit for his period of service to the United States Government, other than service in the Armed Forces, if the service has not been credited to the member's account with any other public defined benefit plan, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The period of service to be purchased shall be certified to the board of trustees by the custodian of the records. The service credit shall be awarded and the cost shall be determined in conformity with the rate that applies to the member in question under KRS 6.520. Service credit awarded under this subsection shall be equivalent, for all purposes of the Legislators Retirement Plan, to other service credit earned in the plan. The member may pay by transfer, by lump sum, or by increments as set forth in this section. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 6.505(2).

(c) Any member of the Legislators Retirement Plan, ***who is in office on June 21, 2001, and who is in active contributing status to the applicable retirement plan on June 21, 2001, and*** who has at least two hundred forty (240) months of service credit may purchase a combined maximum total of five (5) years of retirement service credit that is not otherwise purchasable, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The member shall be entitled to the service credit at the rate at which he qualifies under KRS 6.520. Service credit awarded under this subsection shall be equivalent, for all purposes of the Legislators Retirement Plan, to other service credit earned in the plan. The member may pay by transfer, by lump sum, or by increments as set forth in this section. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 6.505(2).

(d) A member of the Legislators Retirement Plan may purchase service credit under the provisions of this section by transferring funds under the rules in 26 U.S.C. sec. 401(a)(31) directly from a retirement plan or a deferred compensation arrangement maintained by his employer that is a qualified plan under 26 U.S.C. sec. 401(a). Service credit may also be purchased by a rollover of funds from a qualified retirement plan under the rules specified in 26 U.S.C. sec. 402(c). The Legislators Retirement Fund shall accept the transfer or rollover to the extent permitted under the rules specified in 26 U.S.C. secs. 402(c) and 401(a)(31). The amount shall be credited to the individual member's contribution account and shall be considered accumulated contributions of the member and shall not be picked up by the employer under KRS 6.505(2).".

Floor Amendment No. 1 to the Committee Substitute to **SB 280**, by Representative Barrows:

SB 280, On page 7, after line 15, by adding the following:

"Section 3. KRS 61.680 is amended to read as follows:

(1) Prior to August 1, 1982, every employee shall be deemed to consent and agree to any deduction from his compensation required by KRS 6.500 to 6.535, 16.510 to 16.652, 61.510 to 61.692, 78.510 to 78.852, and to all other provisions thereof. Thereafter, employee contributions shall be picked up by the employer pursuant to KRS 61.560(4).

(2) (a) Notwithstanding any other provisions of KRS 6.500 to 6.535, 16.510 to 16.652, 61.510 to 61.692, 78.510 to 78.852 and 161.220 to 161.714, upon death, disability, or service retirement, a member's accounts under the Legislators' Retirement Plan, State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, and Teachers' Retirement System shall be consolidated for the purpose of determining eligibility and amount of benefits. Vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education and accepted by the Kentucky Employees Retirement System or the County Employees Retirement System, may be used to determine eligibility for twenty-seven (27) year retirement but not the amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one (1) system. If the member has prior service in more than one (1)

system, he shall obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate the prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits, each system shall pay the applicable percentage of total benefits.

(b) The provisions of paragraph (a) of this subsection shall be waived if the member notifies the system of his desire to maintain separate retirement accounts in the State Police Retirement System, Kentucky Employees Retirement System, or County Employees Retirement System, or if he is a member of the State Police Retirement System or is working in a hazardous position under the Kentucky Employees Retirement System or County Employees Retirement System and as a result of an act in line of duty, becomes disabled or deceased.

(c) If the member has not contributed at least one (1) year in a system in which he has prior service, his current service in the system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(3) A member with service credit in the Kentucky Employees Retirement System, State Police Retirement System, or the County Employees Retirement System who becomes the holder of an office entitling him to membership in the Judicial Retirement Plan or the Legislators' Retirement Plan, but who does not elect within thirty (30) days after taking office in such service to participate in the plan, in accordance with KRS 6.505 or 21.360, shall be deemed to have elected to retain membership in the system in which he is a member, either the Kentucky Employees Retirement System, State Police Retirement System, or the County Employees Retirement System. In that event, the agency employing the member shall withhold employee contributions, or picked-up employee contributions after August 2, 1982, make employer contributions and remit these contributions to the system in which the member retained his membership. Any person entitled to membership in the Judicial Retirement Plan or the Legislators' Retirement Plan, who does not elect within thirty (30) days after taking office to participate in the plan, in accordance with KRS 6.505 or 21.360, and who at the time of taking office is not a contributing member of, or does not have service credit in, any of the retirement systems mentioned in this section, or the Teachers' Retirement System, shall participate in the Kentucky Employees Retirement System. A member of one (1) of the state-administered retirement plans who ceases to contribute to the plan as provided in KRS 21.360 and who is employed in a nonelected position by an agency participating in the Kentucky Retirement Systems shall be deemed to have elected membership in the system in which the employer of the nonelected position participates. A member of one (1) of the state-administered retirement plans who ceases to contribute to the plan as provided in KRS 21.360 and who is not employed in a nonelected position by an agency participating in the Kentucky Retirement Systems shall be deemed to have elected membership in the Kentucky Employees Retirement System.

(4) (a) Prior to July 1, 1976, a person entering the service of an employer participating in the Kentucky Employees Retirement System or the County Employees Retirement System with service credit in the Teachers' Retirement System and who desires to retain membership in the Teachers' Retirement System, and who is permitted by that system to continue, shall be exempt from participating in the Kentucky Employees Retirement System or the County Employees Retirement System.

(b) Any person who has elected to retain membership in the Teachers' Retirement System as provided in paragraph (a) of this subsection may cancel his election and participate in the system under which his position would normally participate, if he elects to cancel his option prior to January 1, 1977.

(c) Any member of the General Assembly who upon election is a contributing member of the Teachers' Retirement System and who does not elect within thirty (30) days after taking office to participate in the Legislators' Retirement Plan, in accordance with KRS 6.505, shall during his term of office participate in the Kentucky Employees Retirement System unless an election to retain membership in the Teachers' Retirement System is filed in writing within ninety (90) days after his term of office begins. No contributions may be made to the Teachers' Retirement System for the same period of service under the Legislators' Retirement Plan or the Kentucky Employees Retirement System as a member of the General Assembly, but contributions made to the Teachers' Retirement System while a member of the General Assembly shall be transferred to the Legislators' Retirement Plan, as provided for in KRS 6.535, when the member elects to join the Legislators' Retirement Plan, and service credit in the Legislators' Retirement Plan shall be granted as provided for in KRS 6.505(3).

(5) Effective July 1, 1974, any member of the Kentucky Employees Retirement System or County Employees Retirement System who is working in a position covered by one (1) of these retirement systems and his employee contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall contribute to the system in which his employer participates, or after August 1, 1982, the employer shall pick up the employee contributions, and no further contributions or service credit shall be transferred to the system in which he elected to retain membership, as subsection (2) of this section eliminates the necessity of the transfers.

(6) Any member of the Kentucky Employees Retirement System or County Employees Retirement System who is working in more than one (1) position covered by the same retirement system, shall have his wages and contributions consolidated and his retirement account administered as a single account. If part-time positions are involved, an accumulation of all hours worked within the same retirement system shall be used to determine eligibility under KRS 61.510(21).

(7) Notwithstanding the provisions of subsection (2) of this section, a person who does not have the amount of service required for service retirement in the State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, Legislators' Retirement Plan, or Teachers' Retirement System, but who is a member of one

(1) of the systems or is a former member of one (1) or more of the systems with valid service credit therein, shall become eligible for service retirement benefits attributable to the amount of his actual service credit in each system in which he has service credit when his combined service credit in all the systems, plus any service credit he has in the Judicial Retirement Plan, is equal to that required for service retirement in each respective system. The computation of benefits shall be based on the applicable formula in each system and service credit in each system. The final compensation shall be determined by using the creditable compensation reported to the State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, Legislators' Retirement Plan, or Teachers' Retirement System and only as much of the compensation earned in the Judicial Retirement Plan as is needed to satisfy the final compensation requirement applicable in the respective retirement systems.

(8) Notwithstanding any provision to the contrary, any employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems who has at least forty-eight (48) months of service if age sixty-five (65) or older, or at least sixty (60) months of service if under age sixty-five (65), shall have his or her service as professional staff with the Council on Postsecondary Education, if the individual participated in another retirement program, combined with Kentucky Retirement Systems service for purposes of qualifying for service purchases under KRS 61.552(26) and for insurance coverage under KRS 61.702. The Council on Postsecondary Education service shall not count otherwise as service in the Kentucky Retirement Systems and shall not be used to determine eligibility for twenty-seven (27) year retirement nor in the calculation of final compensation.".

(11) Develop comprehensive plans for the management of the Kentucky River within the basin, including a long-range water resource plan and a drought response plan. Each county within the basin shall develop a long-range water resource plan and submit it to the authority. The unified long-range water resource plan shall be implemented over short-range and long-range time periods. The short-range plan shall be for a period of six (6) years and the long-range plan shall be for a period of twenty (20) years. The authority shall conduct a public hearing on the plan prior to its adoption and amend the plan as appropriate based on the comments received. The Natural Resources and Environmental Protection Cabinet shall review the draft unified plan and provide comment during the public comment period concerning the consistency of the plan with the state requirements under KRS Chapters 224 and 151. (19) Accomplish the watershed management mission of the authority, which is to fulfill the provisions of this section for the Kentucky River basin, the boundary of which shall be defined by a hydrologic map promulgated in an administrative regulation.

SECTION 3. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

The General Assembly finds that in 1992, in recognition and furtherance of the leadership role of the Kentucky River Authority regarding the waters of the Kentucky River basin, the Natural Resources and Environmental Protection Cabinet was directed to issue water-related permits only if the permits were consistent with the long-range water resource plan and drought response plan developed by the authority. The General Assembly determines that it is now necessary to extend the leadership of the authority into deliberations on water supply services provided by public utilities. To accomplish this goal, the General Assembly declares that orders by the commission relating to the rules, regulations, practices, equipment, appliances, facilities, or service, or to the method of manufacture, distribution, transmission, storage, or supply employed by any water utility subject to its jurisdiction and providing services, in whole or in part, within the Kentucky River basin shall be consistent with the administrative regulations promulgated by the Kentucky River Authority, and the long-range water resource plan and drought response plan developed by the authority. The commission shall request the authority to submit the authority's finding of consistency on any matter before the commission related to a water utility subject to its jurisdiction and providing service, in whole or in part, within the Kentucky River basin and shall not issue an order on the matter unless the authority has submitted a finding of consistency or given notice to the commission that the authority waives its right of review.

Section 4. Whereas a large volume of the payments received for fines or taxes made by credit or debit card occur prior to the normal effective date of legislation and transaction fees are required to be included in the payment, an emergency is declared to exist, and Section 1 of this Act takes effect upon its passage and approval by the Governor or its otherwise becoming law.

Section 5. To grant sufficient time to the authority to prepare a budget based on the directive provided by Section 2 of this Act, Section 2 of this Act takes effect November 15, 2003. The Kentucky River Authority shall review the current water use fees implemented under KRS 151.723 to determine if the fees may be discounted or eliminated based upon such factors as rate of water usage, convenience to the payor, administrative efficiency, or other factors deemed relevant by the authority. The authority shall report its findings and make recommendations to the Legislative Research Commission by November 15, 2003.

To qualify for the scholarship, at least thirty percent (30%) of the gross income of the recipient must come from practice with food animals. "Qualified service" means a full-time practice in the Commonwealth of Kentucky as a licensed doctor of veterinary science for a majority of the calendar year except that an individual having a disability defined by Title II of the Americans with Disabilities Act, 42 U.S.C. secs. 12131 et seq., whose disability, certified by another licensed physician, prevents him or her from practicing full-time, shall be deemed to perform qualified service by practicing the maximum time permitted by the attending physician; and

of qualified service, the authority shall cancel the appropriate number of promissory notes. Promissory notes shall be canceled by qualified service in the order in which the promissory notes were executed. Service credit shall not include residency service. In the event a recipient fails to complete an eligible program of study, or fails to render qualified veterinary service as agreed in subsection (3) of this section, the recipient shall be liable for the total repayment of the amount of the scholarship awarded.

(6) A scholarship shall not be awarded or a promissory note cancellation shall not be granted to any person who is in default on any obligation to the authority under any program administered by the authority under KRS 164.740 to 164.785 until financial obligations to the authority are satisfied, except that ineligibility for this reason may be waived by the authority for cause.

(7) A repayment obligation imposed by this section shall not be voidable by reason of the age of the recipient at the time of executing the promissory note.

(8) Failure to meet repayment obligations imposed by this section shall be cause for the revocation of the scholarship recipient's license to practice medicine, subject to the procedures set forth in KRS Chapter 311.

(9) Notwithstanding KRS 164.753(3), the authority shall establish by administrative regulation procedures for the administration of this program, including the execution of appropriate contracts and promissory notes, cancellation of the obligation, repayment of outstanding debt, and the priority of awarding scholarships if funds are insufficient to honor all requests.

(10) Notwithstanding any other statute to the contrary, the maximum interest rate applicable to repayment of a promissory note under this section shall be twelve percent (12%) per annum, except that if a judgment is rendered to recover payment, the judgment shall bear interest at the rate of five percent (5%) greater than the rate actually charged on the promissory note.

(11) (a) The "Veterinary Medicine Scholarship Program fund" is hereby created as a special trust fund in the State Treasury administered by the Kentucky Higher Education Assistance Authority for the purpose of providing funds for scholarships to eligible students studying veterinary medicine in schools under contract with the Commonwealth.

Any unallotted or unencumbered balances in the trust fund shall be invested as provided in KRS 42.500(9). Income earned from the investments shall be credited to the trust fund. Any fund balance at the close of the fiscal year shall not lapse but shall be carried forward to the next fiscal year and continuously appropriated only for the purposes specified in this section. A general statement that all continuing appropriations are repealed, discontinued, or suspended shall not operate to repeal, discontinue, or suspend this fund or to repeal this section.
